Dear Mr McNulty,

Further to your correspondence below, please see **attached**:

1. Proposed Award (including changes); and

2. Tables clarifying the changes made to the Proposed Award.

The amount for the wage related allowance, and the amounts for the expense related allowances were corrected, the Commission does not believe its proposed amounts for wages are incorrect. The methodology adopted for the wages in this enterprise modern award is as follows:

1. Apply the 2.4% increase to the annual amounts,
2. Round these annual amounts to the nearest dollar,
3. Use the rounded annual amounts to work out the hourly rate (using the formula identified in the award),
4. Round hourly rate to the nearest cent,

5. Apply penalty/loading/overtime rate to rounded hourly rate.

Any party wishing to object to the proposed changes, must inform these chambers and provide reasons for their objection by **4:00 pm Monday, 25 July 2016**.

If no objection is received, the Full Bench will issue the Reasons for Decision and Order.

Kind regards,
