

IN THE FAIR WORK COMMISSION

Matter No: 2018/26

Section 156 - Four Yearly Review of Modern Awards – *Social, Community, Home Care and Disability Services Industry Award 2010*

**SUPPLEMENTARY SUBMISSION OF UNITED VOICE**

1. This submission supplements our submission filed on 15 February 2019 (*‘the submission’*) in the review of the *Social, Community, Home Care and Disability Services Industry Award 2010* (*‘the SCHDS Award’*). In the submission, we reserved our right to pursue withdrawn claims if the document referred to as *‘the Joint Report’* was not endorsed by the Commission.
2. It is apparent that the Joint Report no longer has the support of significant interested parties and as such we intend to pursue our claim for travel time, which is identified as *Item 2 – Travel time* in the revised summary of proposed substantive variations republished on 22 November 2017.
3. We file the following statements in support of our claim:
  - Supplementary statement of Deon Fleming dated 28 March 2019.
  - Supplementary statement of Trish Stewart dated 1 April 2019 (collectively including earlier statement evidence filed: *‘the evidence’*).
4. It is apparent from the evidence of our witnesses that the non-payment of travel time is a significant issue for employees within the sector covered by the Award. Home care workers and some disability services workers spend the majority of their working time at the homes of different persons in need of care and assistance. These workers do not have a *‘workplace’* in the traditional sense of an office or a depot in which they commence and finish duties. It is rare that these workers would work in their employer’s head office for any length of time, although they may attend on occasion for induction, training and related purposes. Rather, these workers commonly travel from their own home to the home of their first client, and then to the next client, and so on throughout the working day. This time spent travelling between the homes of clients is essential to perform the duties of the job, and should be paid and considered as time worked.

5. Our witnesses Trish Stewart and Deon Fleming provide evidence that travel between client homes is an essential part of their jobs as home care workers.<sup>1</sup> Both travel by car between shifts, are required to have a driver's licence as a requirement of their role.<sup>2</sup>
6. Both witnesses were previously paid travel time when employed by Excelcare. However, once Excelcare was taken over by LiveBetter in around July 2017, they no longer received travel time.<sup>3</sup>
7. The non-payment of travel time is significant. Witness Trish Stewart states that she '*can spend up to 1-2 hours accumulatively during a working day travelling between appointments. This is time that I used to be paid for and now I miss out on that pay. It has been a significant payout for me.*'<sup>4</sup> Witness Deon Fleming states '*I have lost roughly up to 4-5 hours of pay per week.*'<sup>5</sup>
8. Our claim for travel time is interrelated to our claim *S37 – Variation to Broken shifts clause*, which is intended to address the use of unlimited broken shifts within this sector. We refer to and rely upon paragraphs 111 to 141 of the submission.
9. The combination of the non-payment of travel time, the unrestricted use of broken shifts, and the lack of minimum engagement provisions do not provide a fair and relevant minimum safety net of terms and conditions. The current terms and conditions of the Award lend themselves to inappropriate and unsustainable work patterns. There is little or no incentive for employers in what is an increasingly competitive and diverse sector to structure work efficiently. The cost of poor rostering decisions and the taking on work which is geographically remote or at different times of the day are able to be shifted onto employees. This is inappropriate and inefficient.
10. We seek that the Award is varied in the terms of the attached draft determination.
11. This variation is in line with the modern awards objectives, specifically:
  - s 134(1)(a) – '*relative living standards and the needs of the low paid*' – The SCHDS Award cannot be said to be '*fair and relevant*' when low paid award reliant employees are not paid for time that they are required to travel in the course of their duties. Varying the SCHDS Award to clarify that travel time must be paid will address this and ensure that employees are paid for all time worked.
  - s 134(1)(c) – '*the need to promote social inclusion through increased workforce participation*' – Intermittent broken shifts, unpaid travel time and no minimum engagement have created a situation in which part time employees covered by the

<sup>1</sup> Supplementary Statement of Trish Stewart dated 1 April 2019, paragraph 4, supplementary statement of Deon Fleming dated 28 March 2019, paragraph 7.

<sup>2</sup> Supplementary Statement of Trish Stewart, paragraph 5, supplementary statement of Fleming, paragraph 8.

<sup>3</sup> Supplementary Statement of Trish Stewart, paragraph 6-7, supplementary statement of Fleming, paragraph 6.

<sup>4</sup> Supplementary Statement of Trish Stewart, paragraph 9.

<sup>5</sup> Supplementary statement of Deon Fleming, paragraph 6.

SCHDS Award are required to be available to work across long periods of the day to undertake paid work. Part time workers covered by the Award will have '*dead time*' during the day will precludes them from undertaking other work or participating in family or social activities. There are also negative impacts on the ability of employees to manage their caring responsibilities and outside of work commitments. The current terms and conditions of the Award promote social exclusion rather than social inclusion.

## DRAFT DETERMINATION

*Fair Work Act 2009*

s.156–4 yearly review of modern awards

### **4 yearly review of modern awards**

[AM2018/26]

## **Social, Community, Home Care and Disability Services Industry Award 2010**

[MA0000100]

Social, community, home care and disability

ROSS, PRESIDENT

SYDNEY, XX YYY 2019

*4 yearly review of modern awards*

A. Further to the Full Bench decision issued by the Fair Work Commission on XX XXX 2019<sup>1</sup>, the above award is varied as follows:

1. By inserting new clause 25.7 Travel time as follows:

*Clause 25.7 Travel time*

*(a) Where an employee is required to work at different locations they shall be paid at the appropriate rate for reasonable time of travel from the location of the preceding client to the location of the next client, and such time shall be treated as time worked. The travel allowance in clause 20.5 also applies.*

*(b) This clause does not apply to travel from the employee's home to the location of the first client nor does it apply to travel from the location of the last client to the employee's home.*

2. By renumbering clause 25.7 as 25.8.

3. This determination will come into operation from XX YYY 2019. In accordance with s.165(3) of the *Fair Work Act 2009* (Cth) these items do not take effect until the start of the first full pay period that starts on or after XXX XXXX 2019.

AWARD 2010**

**MATTER NO. 2018/26**

**Supplementary statement of Deon Fleming**

I, Deon Fleming, of [REDACTED] in the state of Queensland say:

1. I am a member of United Voice and have been a member of my union since about 2016.
2. Where I refer to a conversation in this statement and I cannot remember the exact words used, I have stated my best memory of the words spoken, or the effect of what was said.
3. I have previously provided a statement in relation to these proceedings, dated 16 January 2019.
4. My date of birth is [REDACTED].

**Travel Time**

5. I began working at Excelcare in around June 2017. For a short time while I worked at Excelcare, the time that it took me to travel between appointments with clients was considered time worked and I was paid for it. I was paid my normal hourly rate for this time. I am unsure how this time was calculated by the rostering team.
6. In or around July 2017, Excelcare became Livebetter and I stopped getting paid for the travel time. This means that I have lost roughly up to 4-5 hours of pay per week. It was noticeable to me when it stopped.
7. The travel that I do as part of my job is necessary in order to provide the services my clients require. I have no option whether I do this travel or not.

8. My position description, provided with my 16 January 2019 statement, states that it is a requirement of my role that I have a driver's licence. I use my own car to travel between the appointments.

**Supplementary Statement of Trish Stewart**

I, Trish Stewart, of [REDACTED] in the state of Queensland say:

1. I have previously provided a statement dated 17 January 2019 in these proceedings.
2. My date of birth is [REDACTED].

**Travel Time**

3. My work in home care requires a significant amount of travelling between client's homes for their appointments. This travel is an essential part of the job and is a requirement in order for the services to be delivered.
4. I use my own car to travel to and from the appointments. The position description provided to me by Livebetter states that it is a requirement of my position that I have a driver's licence.
5. Prior to July 2017, I received pay for the travel time between appointments. The amount we were paid depended on the time that it took for us to travel between appointments. We were paid our normal hourly rate for that time and it was counted as time worked. I understand the rostering staff used Google maps to get an estimate for how long the travel should take and this was how our pay was calculated.
6. In July 2017, Excelcare, the company I worked for, became Livebetter, who are my current employer. This change, I believe, is the reason that we are no longer paid our travel time. I do not know why Livebetter chose to stop paying for travel time.
7. Attached to this statement and marked 'A' is a spreadsheet showing an estimate of my time spent travelling between appointments for the period 26 July 2017 to 8 February 2019. I used a website called Openstreet map to calculate the estimates and it includes traffic.

8. As the spreadsheet shows, I can spend up to 1-2 hours accumulatively during a working day travelling between appointments. This is time that I used to be paid for and now I miss out on that pay. It has been a significant paycut for me.
