- 1.2 This modern award, as varied, commenced operation on 1 January 2010.
- 1.3 Neither the making of this award nor the operation of any transitional arrangements is intended to result in a reduction in the take-home pay of employees covered by the award. 5. Effect of variations made by the Fair Work Commission

A variation to this award does not affect any right, privilege, obligation or liability that a person acquired, accrued or incurred under the award as it existed prior to that variation.

6. Award flexibility for individual arrangements

- (a) be confined to a variation in the application of one or more of the terms listed in clause 6.1; and

- 13.9** Following such agreement being reached, the employee converts to full-time or part-time employment.
- 13.10** Where, in accordance with clause 13.5 an employer refuses an election to convert, the reasons for doing so must be fully stated to and discussed with the employee concerned and a genuine attempt made to reach agreement.
- 13.11** By agreement between the employer and the majority of the employees in the relevant workplace or a section or sections of it, or with the casual employee concerned, the employer may apply clause 13.1 as if the reference to six months is a reference to 12 months, but only in respect of a currently engaged individual employee or group of employees. It embodies the ability to transfer and apply skills and knowledge to new situations and environments.

- (d) The apprentice will be paid the wage rate referred to in clause 14.9(a) from the first full pay period to commence on or after the date on which an agreement or determination is reached in accordance with clause 14.9(a)(iii) or on a date as determined under the dispute resolution process in clause 14.9(a).

- (b)** Other than in the case of an employee directed by the employer to pick up and/or return other employees to their homes, time spent by an employee travelling from the employee's home to the job and return outside ordinary hours will not be regarded as time worked.
- (c)** No travelling time payment is required except as provided for in clauses 21.1, 24.7, 25.5, 25.7 and 28.5.
- (d)** The fares and travel patterns allowance recognises travel patterns and costs peculiar to the industry, which include mobility in employment and the nature of employment on construction work.

25.2 Metropolitan radial areas

An employee, other than an employee in the metal and engineering construction sector who is required to start or finish work at the employer's workshop, yard or depot other than on a construction site, must be paid an allowance of **\$17.43** per day for each day worked when employed on construction work, at a construction site located:

- (a) within a radius of 50 kilometres of the GPO in a capital city of a State or Territory; or
- (b) within a radius of 50 kilometres of the principal post office in a regional city or town in a State or Territory.

25.3 Distant work

The allowance prescribed in clause 25.2 must be paid to employees employed on distant work (as defined in clause 24.1), when the work is carried out within a radius of 50 kilometres from the place where, with the employer's approval, the employee is accommodated.

25.4 Country radial areas

- (a) An employer with a business or branch or section thereof (for the purpose of engagement) that is established in any place (other than on a construction site) outside the areas mentioned in clause 25.2, must pay their employees the allowances prescribed in clause 25.2 for work located within a radius of 50 kilometres from the post office nearest the employer's establishment.
- (b) Where the employer has an establishment in more than one such place the establishment nearest the employee's nominated address will be used for purposes of this clause and employees are entitled to the provisions of clause 25.5 when travelling to a job outside such radial area.

25.5 Travelling outside radial areas

Where an employer requires an employee to travel daily from inside one radial area mentioned in clauses 25.2, 25.3 and 25.4, to work on a construction site outside that area, the employee will be entitled to:

- (a) the allowance prescribed in clause 25.2 for each day worked; and
- (b) in respect of travel from the designated boundary to the job and return to that boundary:
 - (i) the time outside ordinary working hours reasonably spent in such travel, which will be paid at the ordinary hourly rate, and calculated to the next quarter of an hour with a minimum payment of one half an hour per day for each return journey; and
 - (ii) any expenses necessarily and reasonably incurred in such travel, which will be **\$0.47** per kilometre where the employee uses their own vehicle.

25.6 Residing outside radial areas

An employee whose residence is outside the radial areas prescribed in clauses 25.2, 25.3 and 25.4 and who crosses a radial boundary to travel to a construction site, will be entitled to the allowance prescribed in clause 25.2 for each day worked but not payment for the time reasonably spent in travelling from the designated radial boundary to the job and return to the radial boundary.

25.7 Travelling between radial areas

The provisions of clause 25.5 will apply to an employee who is required by the employer to travel daily from one of those areas mentioned in clauses 25.2, 25.3 and 25.4 to an area, or to another area, mentioned in clauses 25.2, 25.3 and 25.4.

25.8 Provision of transport

- (a) No allowances, other than those prescribed in clauses 25.5 and 25.7 and in the circumstances described in clause 25.8(b), will be payable on any day on which the employer provides or offers to provide transport free of charge from the employee's home to the place of work and return.
- (b) The allowance prescribed in this clause will be payable on any day for which the employer provides a vehicle free of charge to the employee for a purpose related to their contract of employment, and the employee is required by the employer to drive this vehicle from the employee's home to their place of work and return.

25.9 Transfer during working hours

- (a) An employee transferred from one site to another during working hours will be paid for the time occupied in travelling and, unless transported by the employer, must be paid reasonable cost of fares by the most convenient public transport between such sites.
- (b) Provided that where an employee agrees to their employer's request to use the employee's own car for such a transfer, the employee must be paid an allowance at the rate of **\$0.78** per kilometre.

25.10 Daily entitlement

- (a) The travelling allowances prescribed in this clause will be payable for:
 - (i) any day upon which the employee performs or reports for duty, or allocation of work; and
 - (ii) any rostered day off taken as prescribed in clauses 16—Ordinary hours of work, and 17—Shiftwork.
- (b) The allowances prescribed in this subclause will be taken into account when calculating the annual leave loading.
- (c) The allowances prescribed by this subclause will not be taken into account for calculating overtime, penalty rates, annual or personal/carer's leave entitlements.

25.11 Work in fabricating yard

When an employee is required to perform prefabricated work in an open yard and is then required to erect or fix on-site, the provisions of this clause will apply.

25.12 Apprentices

- (a) Apprentices will be entitled to a proportion of the allowances prescribed in clauses 25.2, 25.3 and 25.4 in accordance with the following scale:
- (i) on the first year rate—**75%** of amount prescribed;
 - (ii) on second year rate—**85%** of amount prescribed;
 - (iii) on third year rate—**90%** of amount prescribed;
 - (iv) on fourth year rate—**95%** of amount prescribed.
- (b) (i) Apprentices will only receive the allowances prescribed in clause 25.12(a) for days when they attend work and any rostered day off.
- (ii) Apprentices will not be paid the allowance in clause 25.12(a) for days they attend an RTO for training and assessment in accordance with the contract of training.
- (iii) When a school-based apprentice attends off-the-job training or assessment not at the school at which they are enrolled they will receive **25%** of the allowance prescribed in clause 25.12(a).

25.13 Adjustment of living away from home—distant work and fares and travel patterns allowance

The monetary allowances prescribed in clauses 24—Living away from home—distant work, and 25—Fares and travel patterns allowance, will be adjusted in accordance with clause C.2.1.

See Schedule C for a summary of monetary allowances.

26. Accident pay

26.1 This clause commences on 15 October 2015.

26.2 The employer must pay an employee accident pay.

26.3 **Accident pay** means a weekly payment made to an employee by the employer that is the difference between the amount of workers' compensation received by the employee and their ordinary hourly rate for 38 hours work, and any RDO accrued entitlements prescribed by clause 16—Ordinary hours of work or clause 17—Shiftwork. Where the incapacity caused by the injury which leads to workers' compensation becoming payable is for a period less than one week, the payment is the difference between the amount of compensation and the ordinary hourly rate for that period. The ordinary hourly rate does not include over award payments, shift loadings or overtime.

- 26.4** Subject to the relevant workers' compensation claim being accepted, accident pay is payable from the time of the injury for which workers' compensation is paid for a total of 26 weeks in respect to the employee's incapacity from that injury, regardless of whether the incapacity is in one continuous period or not.
- 26.5** The termination of the employee's employment for any reason whilst the employee is receiving accident pay will not affect the liability of the employer to pay accident pay in accordance with clause 26.4.
- 26.6** Where an employee receives a lump sum payment in lieu of weekly payments under the applicable workers' compensation legislation, the liability of the employer to pay accident pay will cease from the date of receipt of the lump sum by the employee.
- 26.7** If an employer has a scheme for the payment of accident pay that contains provisions generally not less favourable to employees than the provisions of this clause, the employer may apply to the Fair Work Commission for that scheme to apply instead of this clause.
- 26.8** For a casual employee the weekly payment as defined in clause 26.3 will be calculated using the employee's average weekly ordinary hours with the employer over the previous 12 months or, if the employee has been employed for less than 12 months by the employer, the employee's average weekly ordinary hours over the period of employment with the employer. The weekly payment will include casual loading but will not include over award payments, shift loadings and overtime.
- 26.9** If an employee entitled to accident pay under this clause returns to work on reduced hours or modified duties, the amount of accident pay due will be reduced by any amounts paid for the performance of such work.
- 26.10** For the avoidance of doubt, an employee will not be entitled to any payment under this clause in respect of any period of workers' compensation where the statutory payment for the period exceeds the amount the employee would have received for working ordinary time hours for the same period.

27. Superannuation

27.1 Superannuation legislation

- (a) Superannuation legislation, including the *Superannuation Guarantee (Administration) Act 1992* (Cth), the *Superannuation Guarantee Charge Act 1992* (Cth), the *Superannuation Industry (Supervision) Act 1993* (Cth) and the *Superannuation (Resolution of Complaints) Act 1993* (Cth), deals with the superannuation rights and obligations of employers and employees. Under superannuation legislation individual employees generally have the opportunity to choose their own superannuation fund. If an employee does not choose a superannuation fund, any superannuation fund nominated in the award covering the employee applies.
- (b) The rights and obligations in these clauses supplement those in superannuation legislation.

27.2 Employer contributions

- (a) An employer must make such superannuation contributions to a superannuation fund for the benefit of an employee as will avoid the employer being required to pay the superannuation guarantee charge under superannuation legislation with respect to that employee.

27.3 Voluntary employee contributions

- (a) Subject to the governing rules of the relevant superannuation fund, an employee may, in writing, authorise their employer to pay on behalf of the employee a specified amount from the post-taxation wages of the employee into the same superannuation fund as the employer makes the superannuation contributions provided for in clause 27.2.
- (b) An employee may adjust the amount the employee has authorised their employer to pay from the wages of the employee from the first of the month following the giving of three months' written notice to their employer.
- (c) The employer must pay the amount authorised under paragraph clauses 27.3(a) or 27.3(b) no later than 28 days after the end of the month in which the deduction authorised under clauses 27.3(a) or 27.3(b) was made.

27.4 Superannuation fund

Unless, to comply with superannuation legislation, the employer is required to make the superannuation contributions provided for in clause 27.2 to another superannuation fund that is chosen by the employee, the employer must make the superannuation contributions provided for in clause 27.2 and pay the amount authorised under clauses 27.3(a) or 27.3(b) to one of the following superannuation funds or its successor:

- (a) Construction and Building Industry Super (Cbus);
- (b) Building Unions Superannuation (Queensland) (BUSS(Q));
- (c) AUST(Q);
- (d) AustralianSuper;
- (e) CareSuper;
- (f) Tasplan;
- (g) SunSuper;
- (h) Statewide Superannuation Trust;
- (i) any superannuation fund to which the employer was making superannuation contributions for the benefit of its employees before 12 September 2008, provided the superannuation fund is an eligible choice fund and is a fund that offers a MySuper product or is an exempt public sector superannuation scheme; or
- (j) a superannuation fund or scheme which the employee is a defined benefit member of.

27.5 Absence from work

Subject to the governing rules of the relevant superannuation fund, the employer must also make the superannuation contributions provided for in clause 27.1(a) and pay the amount authorised under clauses 27.3(a) or (b):

- (a) **Paid leave**—while the employee is on any paid leave;
- (b) **Work-related injury or illness**—for the period of absence from work (subject to a maximum of 52 weeks) of the employee due to work-related injury or work-related illness provided that:
 - (i) the employee is receiving workers compensation payments or is receiving regular payments directly from the employer in accordance with the statutory requirements; and
 - (ii) the employee remains employed by the employer.

Part 5—Overtime and Penalty Rates

28. Overtime

28.1 Requirement to work reasonable overtime

- (a) Except as provided in this clause, an employer may require any employee to work reasonable overtime.
- (b) An employee may refuse to work overtime in circumstances where the working of such overtime would result in the employee working hours which are unreasonable having regard to:
 - (i) any risk to employee health and safety;
 - (ii) the employee's personal circumstances including any family responsibilities;
 - (iii) the needs of the workplace or enterprise;
 - (iv) the notice (if any) given by the employer of the overtime and by the employee of their intention to refuse it; and
 - (v) any other relevant matter.

28.2 No employee under the age of 18 years will be required to work overtime or shiftwork.

28.3 Except in an emergency, no trainee will work or be required to work overtime or shiftwork at times which would prevent the employee's attendance at a Registered Training Organisation, as required by any statute, award or regulation.

28.4 Payment for working overtime

All time worked beyond an employee's ordinary time of work (inclusive of time worked for accrual purposes as prescribed in clauses 16—Ordinary hours of work

and 17—Shiftwork), Monday to Friday, must be paid for at the rate of **150%** of the ordinary hourly rate for the first two hours and **200%** thereafter.

Parties are asked whether the words ‘beyond an employee’s ordinary time of work’ in clause 28.4 should be amended to ‘outside an employee’s ordinary time of work’ or ‘outside or in addition to an employee’s ordinary time of work’. This may clarify the application of overtime to casual employees.

28.5 Recall to work overtime

- (a) An employee recalled to work overtime after leaving the employer’s business premises (whether notified before or after leaving the premises) must be paid for a minimum of three hours’ work at the appropriate rates for each time the employee is so recalled.
- (b) The employee will not be required to work the full three hours if the job the employee was recalled to perform is completed within a shorter period, unless unforeseen circumstances arise.
- (c) Clause 28.5 will not apply in cases where it is customary for an employee to return to the employer’s premises to perform a specific job outside ordinary working hours or where the overtime is continuous (subject to a reasonable meal break) with the completion or commencement of ordinary working time.

28.6 Work during meal break—day workers

- (a) If an employer requires an employee to work during the time prescribed by clause 18.1 for finishing of work, the employee must be paid at the rate of **200%** of the ordinary hourly rate for the period worked between the prescribed time of finishing and the beginning of the time allowed in substitution for the meal break.
- (b) If the finishing time is shortened at the request of the employee to the minimum of 30 minutes prescribed in clause 18.1 or to any other extent (not being less than 30 minutes) the employer will not be required to pay more than the ordinary hourly rate of pay for the time worked as a result of such shortening, but such time will form part of the ordinary working time of the day.

28.7 Transport after overtime

- (a) When an employee finishes work at a time when reasonable means of transport are not available, after having worked overtime and/or a shift for which the employee has not been regularly rostered, the employer must pay the cost of, or provide, transport to the employee’s home or to the nearest public transport.
- (b) The provisions of clause 28.7 must apply in respect of work on a holiday.

28.8 Consecutive hours off duty

- (a) An employee who works so much overtime:
 - (i) between the termination of the employee’s work day or shift, and the start of the employee’s work in the next day or shift that the employee has not had at least 10 consecutive hours off duty between these times; or

- (ii) on Saturdays, Sundays and holidays (not being ordinary working days) or on a rostered day off, without having had 10 consecutive hours off duty in the 24 hours preceding the employee's ordinary starting time on the next ordinary day or shift;

must be released after completion of such overtime until the employee has had 10 hours off duty without loss of pay for ordinary working time occurring during such absence.

- (b) The provisions of clause 28.8(a) must apply in respect of work on a holiday.
- (c) An employee who has worked continuously (except for meal and crib times allowed by this award) for 20 hours must not be required to continue at or start work for at least 12 hours.
- (d) If, on the instructions of the employer, an employee resumes or continues to work without having had 10 consecutive hours off duty, the employee must be paid at **200%** of the ordinary hourly rate until the employee is released from duty for such period and will then be entitled to be absent until the employee has had 10 consecutive hours off duty without loss of pay for ordinary working time occurring during such absence.
- (e) The provisions of clause 28.8 will apply in the case of shiftworkers as if eight hours were substituted for 10 hours when overtime is worked:
 - (i) for the purpose of changing shift rosters; or
 - (ii) where a shiftworker does not report for duty and a day worker or a shiftworker is required to replace such shiftworker; or
 - (iii) where a shift is worked by arrangement between the employees themselves.

28.9 All work performed on any of the holidays prescribed by the NES or substituted instead thereof, must be paid at **250%** of the ordinary hourly rate.

28.10 An employee required to work on a holiday must be afforded at least four hours' work or be paid for four hours at the appropriate rate.

28.11 All work performed on a Saturday or a Sunday will be paid in accordance with clause 29—Penalty rates.

29. Penalty rates

29.1 Weekend and public holiday work

- (a) Subject to clauses 29.1(b) and (c), overtime worked on Saturday must be paid at **150%** of the ordinary hourly rate for the first two hours and **200%** thereafter.
- (b) All overtime worked after 12 noon on Saturday must be paid at **200%** of the ordinary hourly rate.
- (c) All work performed on the Saturday following Good Friday must be paid at **250%** of the ordinary hourly rate.

- (d) All time worked on Sundays must be paid at **200%** of the ordinary hourly rate.
- (e) All work performed on public holidays, or substituted days, must be paid at **250%** of the ordinary hourly rate.

29.2 Minimum engagement

- (a) Subject to clause 29.2(b), an employee required to work overtime on a Saturday must be afforded at least three hours' work or be paid for three hours at the appropriate rate.
- (b) An employee required to work on the Saturday following Good Friday must be afforded at least four hours' work or be paid for four hours at the appropriate rate.
- (c) An employee required to work overtime on a Sunday must be afforded at least four hours' work or be paid for four hours at the appropriate rate.
- (d) All worked performed on public holidays, or substituted days, is subject to a minimum payment for four hours' work.

29.3 Paid rest period during over time—Saturday and Sunday

- (a) An employee working overtime on Saturday or Sunday must be allowed a paid rest period of 10 minutes between 9.00 am and 11.00 am.
- (b) This provision operates in place of clause 18.3(a).

29.4 Paid crib time during overtime—Saturday and Sunday

- (a) An employee working overtime on a Saturday or working on a Sunday must be allowed a paid crib time of 20 minutes after four hours' work, to be paid for at the ordinary hourly rate of pay but this provision will not prevent any arrangements being made for the taking of a 30 minute meal period, the time in addition to the paid 20 minutes being without pay. This provision operates in place of clause 18.1(a).
- (b) In the event of an employee being required to work in excess of a further four hours, the employee must be allowed to take a paid crib time of 30 minutes which will be paid at the ordinary hourly rate of pay. This provision operates in place of clause 18.3(a) and (b).

Part 6—Leave and Public Holidays

30. Annual leave

This annual leave provision may be affected by [AM2014/47](#) – see [draft determination](#)

30.1 Leave entitlement

- (a) Annual leave is provided for in the NES.
- (b) For the purpose of the additional week of leave provided by the NES, a shiftworker means a **continuous shiftworker** as defined in this award.

30.2 Payment for annual leave

- (a) Instead of the **base rate of pay** as referred to in s.90(1) of the Act, an employee under this award, before going on annual leave, must be paid, in advance, the amount which they would have received for working ordinary time hours if they had not been on leave.
- (b) In addition to the payment prescribed in clause 30.2(a), an employee must receive during a period of annual leave a loading of **17.5%** calculated on the following rates, loadings and allowances if such rates, loadings and allowances would have been received by the employee for working ordinary time hours had the employee not been on annual leave:
- clause 19.1(a)—Minimum wages;
 - clause 21.2—Industry allowance;
 - clause 21.3—Underground allowance;
 - clause 20.1—Tool and employee protection allowance;
 - clause 24—Living away from home—distant work;
 - clause 25—Fares and travel patterns allowance; and
 - clause 19.2—Leading hands.

This loading will also apply to proportionate leave on lawful termination.

- (c) Instead of the payment in respect of annual leave loading provided for in clause 30.2(b), an employee who would have worked on shiftwork had they not been on leave and where the employee would have received shift loadings prescribed by clause 17—Shiftwork, had they not been on leave during the relevant period and such loadings would have entitled them to a greater amount than the loading of **17.5%**, then the shift loading as prescribed in clause 17 will be included in the rate of wage prescribed by clause 30.2(b) instead of the **17.5%** loading.

NOTE: Where an employee is receiving overaward payments such that the employee's base rate of pay is higher than the rate specified under this award, the employee is entitled to receive the higher rate while on a period of paid annual leave (see ss.16 and 90 of the Act).

30.3 Annual close down

- (a) An employer may direct an employee to take paid annual leave during all or part of a period in conjunction with the Christmas/New Year holidays, where the employer shuts down the business, part of the business, or a site where the employee works. If an employee does not have sufficient accrued annual leave for the period of the shutdown, then the employee may be required to take leave without pay for the balance of the shutdown period for which leave is not accrued.
- (b) Where an employer decides to utilise the provisions of clause 30.3(a) in respect of the Christmas/New Year period for the purpose of giving the whole of the annual leave due to all or the majority of their employees then qualified for

such leave, the employer must give at least two months' notice to the affected employees.

31. Personal/carer's leave and compassionate leave

31.1 Personal/carer's leave entitlements are provided for in the NES.

31.2 If an employee is terminated by the employer and is re-engaged by the same employer within a period of six months, then the employee's unclaimed balance of sick leave will continue from the date of re-engagement. In such case the employee's next year of service will commence after a total of 12 months has been served with that employer excluding the period of interruption in service from the date of commencement of the previous period of employment or the anniversary of the commencement of the previous period of employment.

32. Parental leave and related entitlements

Parental leave and related entitlements are provided for in the NES.

33. Public holidays

33.1 Public holiday entitlements are provided for in the NES.

33.2 By agreement between the employer and the majority of employees in the relevant enterprise or section of the enterprise, an alternative day may be taken as the public holiday instead of any of days prescribed in the NES.

33.3 For provisions in relation to part-day public holidays see Schedule F—2015 Part-day public holidays.

34. Community service leave

Community service leave is provided for in the NES.

Part 7—Consultation and Dispute Resolution

35. Consultation about major workplace change

35.1 Consultation regarding major workplace change

(a) Employers to notify

- (i)** Where an employer has made a definite decision to introduce major changes in production, program, organisation, structure or technology that are likely to have significant effects on employees, the employer must notify the employees who may be affected by the proposed changes and their representatives, if any.

(ii) **Significant effects** include termination of employment; major changes in the composition, operation or size of the employer’s workforce or in the skills required; the elimination or diminution of job opportunities, promotion opportunities or job tenure; the alteration of hours of work; the need for retraining or transfer of employees to other work or locations; and the restructuring of jobs. Provided that where this award makes provision for alteration of any of these matters an alteration is deemed not to have significant effect.

(b) Employers to discuss change

- (i) The employer must discuss with the employees affected and their representatives, if any, the introduction of the changes referred to in clause 35.1(a), the effects the changes are likely to have on employees and measures to avert or mitigate the adverse effects of such changes on employees and must give prompt consideration to matters raised by the employees and/or their representatives in relation to the changes.
- (ii) The discussions must commence as early as practicable after a definite decision has been made by the employer to make the changes referred to in clause 35.1(a).
- (iii) For the purposes of such discussion, the employer must provide in writing to the employees concerned and their representatives, if any, all relevant information about the changes including the nature of the changes proposed, the expected effects of the changes on employees and any other matters likely to affect employees provided that no employer is required to disclose confidential information the disclosure of which would be contrary to the employer’s interests.

36. Consultation about changes to rosters or hours of work

36.1 Where an employer proposes to change an employee’s regular roster or ordinary hours of work, the employer must consult with the employee or employees affected and their representatives, if any, about the proposed change.

36.2 The employer must:

- (a) provide to the employee or employees affected and their representatives, if any, information about the proposed change (for example, information about the nature of the change to the employee’s regular roster or ordinary hours of work and when that change is proposed to commence);
- (b) invite the employee or employees affected and their representatives, if any, to give their views about the impact of the proposed change (including any impact in relation to their family or caring responsibilities); and
- (c) give consideration to any views about the impact of the proposed change that are given by the employee or employees concerned and/or their representatives.

36.3 The requirement to consult under this clause does not apply where an employee has irregular, sporadic or unpredictable working hours.

36.4 These provisions are to be read in conjunction with other award provisions concerning the scheduling of work and notice requirements.

37. Dispute resolution

37.1 In the event of a dispute about a matter under this award, or a dispute in relation to the NES, in the first instance the parties must attempt to resolve the matter at the workplace by discussions between the employee or employees concerned and the relevant supervisor. If such discussions do not resolve the dispute, the parties will endeavour to resolve the dispute in a timely manner by discussions between the employee or employees concerned and more senior levels of management as appropriate.

37.2 If a dispute about a matter arising under this award or a dispute in relation to the NES is unable to be resolved at the workplace, and all appropriate steps under clause 37.1 have been taken, a party to the dispute may refer the dispute to the Fair Work Commission.

37.3 The parties may agree on the process to be utilised by the Fair Work Commission including mediation, conciliation and consent arbitration.

37.4 Where the matter in dispute remains unresolved, the Fair Work Commission may exercise any method of dispute resolution permitted by the Act that it considers appropriate to ensure the settlement of the dispute.

37.5 An employer or employee may appoint another person, organisation or association to accompany and/or represent them for the purposes of this clause.

37.6 While the dispute resolution procedure is being conducted, work must continue in accordance with this award and the Act. Subject to applicable occupational health and safety legislation, an employee must not unreasonably fail to comply with a direction by the employer to perform work, whether at the same or another workplace, that is safe and appropriate for the employee to perform.

37.7 Dispute resolution procedure training leave

(a) For the purpose of this clause, an **eligible employee representative** is an employee who is a shop steward, a delegate, or an employee representative duly elected or appointed by the employees in an enterprise or workplace or part of an enterprise or workplace for the purpose of representing those employees in the dispute resolution procedure.

(b) An **eligible employee representative** will be entitled to up to five days' paid leave per year to undertake training that will assist them in their settlement of disputes role. The time of taking such leave will be agreed between them and their employer so as to minimise any adverse effect on the employer's operations.

Part 8—Termination of Employment and Redundancy

38. Termination of employment

38.1 Notice of termination is provided for in the NES. The notice provisions of the NES do not apply to a daily hire employee working in the building and construction industry.

38.2 Notice of termination by an employee

The notice of termination required to be given by an employee is the same as that required of an employer, save and except that there is no requirement on the employee to give additional notice based on the age of the employee concerned. If an employee fails to give the required notice the employer may withhold from any monies due to the employee on termination, under this award or the NES, an amount not exceeding the amount the employee would have been paid under this award in respect of the period of notice required by this clause, less any period of notice actually given by the employee.

38.3 Job search entitlement

Where an employer has given notice of termination to an employee, an employee must be allowed up to one day's time off without loss of pay for the purpose of seeking other employment. The time off is to be taken at times that are convenient to the employee after consultation with the employer.

39. Industry specific redundancy scheme

39.1 The following redundancy clause for the on-site building, engineering and civil construction industry (as defined) is an industry specific redundancy scheme as defined in s.12 of the Act. In accordance with s.123(4)(b) of the Act the provisions of Subdivision B—Redundancy pay of Division 11 of the NES do not apply to employers and employees covered by this award.

39.2 Definition

For the purposes of this clause, **redundancy** means a situation where an employee ceases to be employed by an employer to whom this award applies, other than for reasons of misconduct or refusal of duty. **Redundant** has a corresponding meaning.

39.3 Redundancy pay

(a) A redundant employee will receive redundancy/severance payments, calculated as follows, in respect of all continuous service with the employer:

Period of continuous service with an employer	Redundancy/severance pay
1 year or more but less than 2 years	2.4 weeks' pay plus for all service in excess of 1 year, 1.75 hours pay per completed week of service up to a maximum of 4.8 weeks' pay

A.3 Classification principles

A.3.1 General

In determining the appropriate classification of a position or job to be filled by an employee, an employer will pay full regard to:

- (a) the nature and skill requirements of the position to be filled;
- (b) the skill level and certification of the employee;
- (c) the experience and qualifications of the employee in:
 - (i) relevant indicative tasks nominated in this subclause; and/or
 - (ii) competency standards against which an employee is accredited;
- (d) any agreed national procedures established for testing the validity of an employee's claim for reclassification.

A.3.2 Classification/reclassification in the engineering stream

- (a) Where an employee has the relevant qualification recognised as a minimum training requirement for the level to which the employee seeks to be reclassified and they are exercising or are required to exercise the skills and knowledge gained for the qualification necessary for that level of work, the employee will be classified appropriately.
- (b) In the event that there is a claim for reclassification by an existing employee to a higher level under the new structure on the grounds that the employee possesses equivalent skill and knowledge gained through on-the-job experience, the following principles apply:
 - (i) the dispute resolution provisions in clause 37—Dispute resolution, will be followed;

- (ii) competency standards will be established through the appropriate Industry Training Boards, co-ordinated by MSA and for the lift industry the Ee-Oz. Such standards will be consistent with the requirements of the National Training Framework Committee for relevant levels in the new classification structure before claims for reclassification at that level are processed;
 - (iii) procedures will be established for testing the validity of an employee's claim for reclassification.
- (c) Where skill standards have not been finalised in respect of any class of work and they are necessary for determining an employee's classification, employees performing such work will not be reclassified until such standards are available except as provided for in clauses A.3.2(a) and A.3.2(d) of this Schedule.
- (d) Where the situation described in clause A.3.2(c) applies, but not in any other circumstances, an employee may be reclassified on the basis that the employee meets the requirements of the old classification definitions in the *National Metal and Engineering On-site Construction Industry Award 2002*.

A.4 Skill based career structure

- A.4.1** The classification structure is designed to facilitate the improvement of the level of skills of the workforce and to provide a career path for all employees.
- A.4.2** Each classification level builds upon the previous level so that the value of an employee to the industry and their employer increases as the employee progresses through the structure. Skills are built up in a sequential manner through job learnt skills and structured training.
- A.4.3** Under the new classification structure, an employee's building and construction industry skills are to be formally recognised, industry wide, at all levels from new entrant to CW/ECW 8–ECW 9. Employees will move up the classification structure as they acquire additional accredited skills. Payment will be on the basis of the level of skills required to perform the work of a particular position or job offered by an employer.

A.5 Training

In order to facilitate the operation of the classification structure an employer must, in co-operation with the consultative committee develop a training programme consistent with:

- (a) the size, structure and scope of the activities of the employer;
- (b) the need to develop vocational skills relevant to the enterprise and the building and construction industry generally through courses conducted by accredited educational institutions and providers.
- (c) Where, as a result of consultation in accordance with this clause it is agreed that additional training should be undertaken by the employee, that training may be taken either on or off the job. Provided that if the training is undertaken during normal working hours the employee concerned will not suffer any loss of pay. The employer must not unreasonably withhold such paid training leave.

- (d) Any costs associated with standard fees for prescribed course and prescribed textbooks (excluding those textbooks which are contained in the employers technical library) incurred in connection with the undertaking of training pursuant to clause A.5(c) will be reimbursed by the employer upon the production of evidence of such expenditure. Provided that reimbursement will be subject to the presentation of reports of satisfactory progress.
- (e) Travel costs incurred by an employee undertaking training in accordance with this clause which exceed those normally incurred travelling to and from work will be reimbursed by the employer.

A.6 Definitions of classifications in Schedule A

The broadbanded award classifications referred to in clause A.2 of this Schedule will have the meaning ascribed to them by an award made under the *Workplace Relations Act 1996* (Cth) or a notional agreement preserving a State award that would have applied to an employee immediately prior to 1 January 2010; or a Division 2B State award that would have applied to the employee immediately prior to 1 January 2011.

Schedule D—School-based Apprentices

- D.1** This schedule applies to school-based apprentices. A school-based apprentice is a person who is undertaking an apprenticeship in accordance with this schedule while also undertaking a course of secondary education.
- D.2** A school-based apprenticeship may be undertaken in the trades covered by this award under a training agreement or contract of training for an apprentice declared or recognised by the relevant State or Territory authority.
- D.3** The relevant minimum wages for full-time junior and adult apprentices provided for in this award, calculated hourly, will apply to school-based apprentices for total hours worked including time deemed to be spent in off-the-job training.
- D.4** For the purposes of clause D.3, where an apprentice is a full-time school student, the time spent in off-the-job training for which the apprentice must be paid is 25% of the actual hours worked each week on-the-job. The wages paid for training time may be averaged over the semester or year.
- D.5** A school-based apprentice must be allowed, over the duration of the apprenticeship, the same amount of time to attend off-the-job training as an equivalent full-time apprentice.
- D.6** For the purposes of this schedule, off-the-job training is structured training delivered by a Registered Training Organisation separate from normal work duties or general supervised practice undertaken on the job.
- D.7** The duration of the apprenticeship must be as specified in the training agreement or contract for each apprentice but must not exceed six years.

- D.10** If an apprentice converts from school-based to full-time, the successful completion of competencies (where provided for in this award) and all time spent as a full-time apprentice will count for the purposes of progression through the relevant wage scale in addition to the progression achieved as a school-based apprentice.

- (iii) Where the approved training for a part-time traineeship is undertaken solely on-the-job or partly on-the-job and partly off-the-job, the relevant minimum wage in clauses E.5.2(a)–(e) of this schedule minus 20% applies to each ordinary hour worked by the trainee.

E.5.3 Other minimum wage provisions

- (a) An employee who was employed by an employer immediately prior to becoming a trainee with that employer must not suffer a reduction in their minimum wage per week or per hour by virtue of becoming a trainee. Casual loadings will be disregarded when determining whether the employee has suffered a reduction in their minimum wage.
- (b) If a qualification is converted from an AQF Certificate Level II to an AQF Certificate Level III traineeship, or from an AQF Certificate Level III to an AQF Certificate Level IV traineeship, then the trainee must be paid the next highest minimum wage provided in this schedule, where a higher minimum wage is provided for the new AQF certificate level.

E.5.4 Default wage rate

- E.6.1** A trainee undertaking a school-based traineeship may, with the agreement of the trainee, be paid an additional loading of 25% on all ordinary hours worked instead of paid annual leave, paid personal/carer's leave and paid absence on public holidays, provided that where the trainee works on a public holiday then the public holiday provisions of this award apply.
- E.6.2** A trainee is entitled to be released from work without loss of continuity of employment and to payment of the appropriate wages to attend any training and assessment specified in, or associated with, the training contract.
- E.6.3** Time spent by a trainee, other than a trainee undertaking a school-based traineeship, in attending any training and assessment specified in, or associated with, the training

contract is to be regarded as time worked for the employer for the purposes of calculating the trainee’s wages and determining the trainee’s employment conditions.

Note: The time to be included for the purpose of calculating the wages for part-time trainees whose approved training is fully off-the-job is determined by clause E.5.2(f)(ii) and not by this clause.
