Dear Associate,

**Loading for Cinema Employees**

MEAA has reviewed the Vice President's draft report the Full Bench concerning the *Broadcasting and Recorded Entertainment Award 2010*.

With respect to item 16, which is marked as 'Remain Outstanding', MEAA has discussed this matter further with cinema owner/operator representatives and believe that the parties agree that the 8% loading applies to each hour worked by cinema employees on each day work is performed.

Please don't hesitate to contact me if you have any questions concerning this matter.

Yours sincerely,

Matthew Chesher  
Director, Legal and Policy
