Dear Deputy President Gostencnik,

At the conference on the 6<sup>th</sup> of February 2017, we asked for time to provide a response to the AWU claims at item 21. In particular, we were seeking to review the claim again and confirm our position.

The AWU has claimed amendments to the shift work provisions, as set out in their submissions dated 6 July 2016.

Ai Group had provided a response specifically to this in our submission of 3 August 2016 at paragraph 28 and 29. In our view the AWU proposal regarding shiftwork is a substantial change and not an issue related to the drafting and technical matters in the Exposure Draft. We therefore do not agree with the AWU's proposals.
