SUBMISSION REGARDING FORM OF DRAFT DETERMINATION

1. On 23 May 2016 a Full Bench of the Commission published a decision with respect to the insertion of model terms into particular awards concerning annual leave: [2016] FWCFB 3177. Following the decision the Full Bench issued draft determinations and asked that parties comment on the form of the determinations.
2. The Construction, Forestry, Mining and Energy Union ("CFMEU") Mining & Energy Division notes that the Draft Determination with respect to the Black Coal Mining Industry Award 2010 does not appear to include the additional amendment to clause 25.8 referred to at paragraph [179] and [297].
