Dear Award Modernisation Team

**AM2021/72: Application by Menulog Pty Ltd for a new On Demand Delivery Services Industry Award**

We refer to the clarification submission filed by the Australian Road Transport Industrial Organisation (**ARTIO**) on 26 August 2021 pursuant to the first point under paragraph [12] of the Commission's 24 August 2021 Statement.

Notwithstanding that the ARTIO has requested that Menulog provide a response to its questions by 17 September 2021, Menulog proposes to answer the ARTIO's questions, along with the other interested parties' questions, in its submissions to be filed on 18 October 2021; to the extent that those questions go to the scope of the proposed award.

Please do not hesitate to contact me if the Commission has any questions or concerns regarding Menulog's proposed approach in relation to this matter.

Yours sincerely

**Katie Sweatman
