Subject: AM2014/196 + AM2014/197 - Four yearly review of modern awards

Dear Deputy President,

Without prejudice to any future claim the NTEU may make in relation to this Award, I write to advise that the NTEU no longer presses for a change to the *Higher Education (Academic Staff) Award 2010 [MA000006]* under the current Award Review round in the terms flagged in our earlier correspondence.

Therefore we submit that no further directions are required in relation to the question of inclusion of the model casual conversion clause in that Award only. We will attend the teleconference listed for 2pm tomorrow to discuss the joint Union submission for the *Educational Services (Post-Secondary Education) Award 2010 [MA000075]*.

Kind Regards,

Wayne Cupido | National Industrial Coordinator
