Dear Associate

FWC Matter No. (AM2014/217 and others)

With regard to the Fair Work Commission's Statement of 24 February, *4 yearly review of modern awards—Group 3 and 4 awards* (AM2014/217 and others) (at paragraph 20(ii)), and the *summary of proposed variations* (at item 28), we advise that we wish to withdraw our outline of submission of 4 December 2014 (AM2014/272).

Our position has changed, and we no longer wish to pursue the quantum of changes expressed in that outline in relation to weekend penalty rates and late/early work.

The matter has been repursued in a subsequent submission.

Yours sincerely
