Dear Associate

We refer to the above matter, and to the exposure draft of the Seagoing Industry Award issued on 8 March 2019.

It is noted that the exposure draft does not include the Draft Determination issued by the Full Bench to give effect to the its decision of 24 February 2017 ([2017] FWCFB 1138).

We request that the Draft Determination made in respect of the Seagoing Industry Award 2010 be inserted into the exposure draft.

We further request that the Draft Determinations made in respect of the Marine Towage Award 2010 and the Ports, Harbours and Enclosed Water Vessels Award 2010 be finalised and those awards amended accordingly.

Sincerely

Ben Cooper
