Subject: RE: AM2016/5-substantive issues in Ports, Harbours and Enclosed Water Vessels of Modern Awards 2010 and Seagoing Industry Award 2010 - 4 Yearly Review

Dear Mr Moloney,

I refer to our telephone conversation today in response to your correspondence of 24 March 2016 and wish to confirm the following.

Additional proposed variations

As you are aware, the Full Bench in AM2016/5 has been convened to hear and determine certain matters in relation to the *Ports, Harbours and Enclosed Water Vessels Award 2010* and the *Seagoing Award 2010* (see [summary of proposed variations](#)).

If Sea Swift wish for other variations to be considered, it should file an application with the Commission in the form of an outline of submissions, identifying any substantive claims or variations being pursued. The written outline should identify the scope of any evidentiary material that is to be filed. It should also indicate whether it submits that the additional proposed variations should be dealt with by the Full Bench in AM2016/5 or a differently constituted Full Bench.

The application should be filed with amod@fwc.gov.au, but addressed to the chambers of Justice Ross, President.

Subscribing to updates

The best way to be kept informed of the Review process and matter AM2016/5 is via the Commission's subscription service. This subscription email is the primary way we communicate with interested parties when information about award related proceedings is published on the Commission's website, including 4 Yearly Review information.

If you are new to the subscription service, there are two types of award subscription options available to clients in regards to awards, award updates and award matters.

1. My awards—Updates

By subscribing to **My awards—Updates**, you will receive an email when an award has been updated, or when a document has been issued about an award that does not vary the award (such as a decision).

2. My awards—All matters

By subscribing to **My awards—All matters**, you will receive an email when an application to vary a modern award has been lodged or an award is being reviewed, and when any associated material is issued or received. This includes information about proceedings, submissions, hearing details and decisions.

****NOTE:** *This is a high volume service and you may receive emails about awards other than those for which you have subscribed and at times more than one email a day.*

You can create a new account or modify your existing subscription by logging in to the subscription service from this page: [Subscribe to updates](#).

To receive all notifications in regards to the 4 Yearly Review (for example, when notices of listings, notifications, submissions etc. are posted) tick the **All matters** box when subscribing to the award/s. This is a separate service to the Award updates.

If you are a current subscriber to the award you will be notified via the subscription service when the award review page has been updated. To add an award to your subscription, under the [Subscriptions](#) tab, select 'My Awards' and use the *Search and subscribe to Awards* option to find the relevant award/s.

For example, select MA000122 for the *Seagoing Industry Award 2010* and tick the 'award matters' checkbox.

You can also access the Subscription service via the Commission's [homepage](#):

- Scroll down the webpage to **Quick Links**
- Click on the **Subscribe to updates** link.

(The username and password will be required each time you log in).

Please note: this subscription service will automatically remove subscribers where emails are repeatedly bounced back to the Commission (i.e. are returned to us as being undeliverable).

I hope you find this information of some assistance. If you have any further questions please contact amod@fwc.gov.au and they will assist you with setting up your subscription.

Regards,

Ingrid Fraser
