Subject: Four Yearly Review of Minimum Awards - Supported Employment Services Award 2010 [ABLAW-ImanageDocs.FID135807] 

Dear Fair Work Commission

We act for National Disability Services (**NDS**), Australian Business Industrial (**ABI**) and the NSW Business Chamber (**NSWBC**) in the above proceedings.

Further to his Honour Vice President's directions in this matter we **attach**, for filing in these proceedings:

- Outline of submissions by NDS, ABI and NSWBC in opposition to the proposal by AED Legal Centre filed 31 July 2017; and
- Supporting evidence in relation to the above.

Further supporting evidence, including redacted statements and attachments, will follow by way of subsequent emails owing to attachment size. This totals 59 statements in this round of materials.

Release of ARTD Report

Further to earlier correspondence with the Commission, the parties and the Commission have agreed to a protocol for the release of documents pertaining to the ARTD Report on the evaluation of the SWS modifications.

However since this time we have been instructed that the DSS have not as yet consented to release of the relevant documents and are continuing to review what protocol may be suitable for them in this regard. We understand that DSS is intending to communicate with the Commission directly in this regard.

We respectfully request that the parties be granted leave to file additional materials if and when the relevant consent of the DSS has been obtained for the release of the documents.

Amended variation determination

Also **attached**, on behalf of ABI and NSWBC is a marked up version of the variation determination previously filed in these proceedings, which includes a non-substantive change of nomenclature intended to more accurately reflect the intended effect and operation of ABI and NSWBC's Work Value Classification Structure proposal.

Kind regards
