**4 Yearly Review of Modern Awards – Group 4 Awards – Construction Awards
(AM2016/23)**

Dear Vice President,

We refer to the above matter and write pursuant to paragraph 6 of related directions dated 26 October 2016.

Master Builders Australia (Master Builders) respectfully requests an alteration to those directions insofar as they relate to evidence and submissions currently due on Friday 2 December 2016. We seek that this date be extended by a period of two weeks so that materials are filed on **Friday 16 December 2016**.

The extension sought would apply only to materials and evidence relevant to Master Builders claim regarding award provisions and workplace health and safety. It is our intention to file evidence from individuals whom are, regrettably, overseas at this time.

Master Builders would also seek that those seeking to file materials in reply to ours are given a commensurate extension.

We have contacted relevant employer and union parties who maintain an interest in this matter who confirm they are not opposed to our request were the Commission minded to grant our request.

We thank the Commission for its consideration of this request. Please contact the undersigned should any additional information be required.

Yours sincerely,

Rebecca Sostarko
