10 Disputes Resolution Procedure

10.1 A major objective of this Agreement is to eliminate lost time and/or production arising out of disputes or grievances. The Parties to this Agreement are committed to complying with the terms of this procedure.

10.2 Scope

Disputes relating to any of the following must be dealt with according to the procedure in this clause:

- (a) any matter arising under this Agreement;
- (b) the NES, including subsections 65(5) and 76(4); and
- (c) any matter pertaining to the relationship between the Employer and the Employees.

Provided that nothing in this clause prevents a party to the dispute from applying to a court for orders in relation to contraventions of civil remedy or penalty provisions.

Note: Safety issues and incidents are to be dealt with in accordance with **clause 59** of this Agreement and with any applicable occupational health and safety legislation. A dispute about the operation, or application of **clause 59** is a matter arising under this Agreement and can be dealt with in accordance with this clause.

10.3 Procedure

Disputes will be dealt with according to the following procedure.

Step 1—workplace level

- (a) In the first instance, the parties to the dispute will take genuine steps to try and resolve the dispute at the workplace level.

Step 2—dispute resolution including arbitration by the Panel

- (b) If the dispute remains unresolved after Step 1, a party to the dispute (or its representative) may refer the dispute to the Victorian Building Industry Disputes Panel (**Panel**). If a party to the dispute refers the dispute to the Panel, all parties irrevocably consent to the Panel dealing with the dispute, including by arbitration.
- (c) The Panel may deal with the dispute by conciliation, arbitration, otherwise as it sees fit, or by any combination of methods, provided that it acts in accordance with its Charter, and must not make any decision or impose any other binding outcome that is inconsistent with the Building Code, or which requires a party to the dispute to do something that is prohibited by any applicable legislation.

- (d) If the Panel deals with the dispute by arbitration and makes an arbitral award (**Decision**):
 - (i) any party to the dispute (or its representative) may, within 14 days after the date of the Decision, have the Decision reviewed by the FWC, in which case Step 3 below applies;

This means that the FWC must identify whether the Panel has made an error of law, a material error of fact or a decision which is legally unreasonable or unjust (inferred error). It is acknowledged that the FWC has the discretion to admit new evidence as required.
- (g) The FWC may deal with the dispute by conciliation, arbitration, or by the exercise of any of its other powers under the Fair Work Act, or by any combination of methods. The FWC must not make any decision or impose any other binding outcome that is inconsistent with the Building Code.
- (h) If the FWC deals with the dispute by arbitration:
 - (i) by a single member of the FWC and makes an arbitral award (**FWC Decision**):
 - (A) any party to the dispute (or its representative) may, within 21 days after the date of the FWC Decision, appeal to a Full Bench of the FWC;
 - (B) if no party appeals from the FWC Decision within the period stated in **clause 10.3(h)(i)(A)** above, that FWC Decision will be final and binding on the parties to the dispute.
 - (ii) by a Full Bench of the FWC and makes a decision, the decision will be final and binding on the parties to the dispute.

Steps available in the event of non-compliance by a party

- (i) If any party to the dispute fails or refuses to comply with or participate in Step 1 of this clause, any other non-breaching party to the dispute (or its representative) may, in its absolute discretion:
 - (i) refer the dispute to the Panel, which will deal with the dispute in accordance with Step 2 above noting that the non-breaching party may request the Panel at this stage to refer the dispute directly to

the FWC to deal with the dispute by conciliation, arbitration, by the exercise of any of its powers under the Fair Work Act, or by any combination of methods.

- (j) If any party to the dispute fails or refuses to comply with or participate in Step 2 of this clause, any other non-breaching party to the dispute (or its representative) may, in its absolute discretion:
 - (i) refer the dispute to the FWC to deal with the dispute by conciliation, arbitration, or by the exercise of any of its other powers under the Fair Work Act, or by any combination of methods; or
 - (ii) continue to pursue Step 2 above, including by seeking that the Panel make a Decision despite any non-compliance or non-participation of any other party.

The FWC must not make any decision or impose any other binding outcome that is inconsistent with the Building Code.

10.4 **Directions and requests of the Panel**

- (a) The Panel may inform itself in relation to any dispute in such manner as it considers appropriate in accordance with its Charter, including but not limited to by:
 - (i) Requesting oral or written submissions;
 - (ii) Requesting relevant documents, records or other relevant information; or

10.5 **Enforcement**

- (a) **Finality of a Decision**
 - (i) Subject only to the rights of review/appeal expressly provided for in this clause, a Decision or an FWC Decision (or any subsequent Full Bench decision) is final and binding and may be immediately enforced.
- (b) **Enforcement of a Decision**
 - (i) All parties to a dispute must comply with, and give effect to, any Decision or FWC Decision.
 - (ii) A party to a dispute that fails to comply with, or give effect to, a Decision or FWC Decision, contravenes this clause.
 - (iii) The Parties agree that:

- (A) any Decision or FWC Decision may be enforced by an action seeking appropriate remedies (including, but not limited to, payment of a debt, damages, or specific performance) in any court of competent jurisdiction; and
- (B) interest will accrue on any sum payable under a Decision or FWC Decision at the rate prescribed from time to time in respect of pre-judgment interest under the Rules of the Federal Court of Australia.

10.6 **Status quo**

- (a) While the dispute is being dealt with in accordance with the procedure in this clause:
 - (i) the parties will maintain the status quo existing immediately prior to the subject matter of the dispute arising. Neither party will engage in any industrial stoppages, bans and or limitations. Work shall continue in accordance with the status quo unless an Employee has a reasonable concern about an imminent risk to their health or safety; however
 - (ii) the Employer may direct an Employee to perform other available work at the same workplace, or at another workplace, on the same terms and conditions of employment, if it is reasonable to do so to protect the health, safety or welfare of Employees.
- (b) For the avoidance of doubt, “**Maintain the status quo**” means that the action giving rise to the dispute will be withdrawn, and the situation immediately prior to the action giving rise to the dispute will apply until the dispute is resolved.

- (d) *Independent Contractors Act 2006* (Cth).

14.6 Sham Contracting

- (a) The Parties to this Agreement acknowledge that sham contracting has the potential to undermine fair employment practices, erode Employee entitlements and affect the job security of Employees covered by this Agreement. A sham contracting arrangement includes where an employer attempts to disguise an employment relationship as an independent contracting arrangement. This is usually done for the purposes of avoiding responsibility for employee entitlements.
- (b) In this clause, "sham contracting" is where:
 - (i) An employer employs, or proposes to employ, an individual, representing to the individual that the contract of employment under which the individual is, or would be, employed by the employer is a contract for services under which the individual performs, or would perform, work as an independent contractor;
 - (ii) An employer dismisses, or threatens to dismiss, an individual who is an employee of the employer and performs particular work for the employer in order to engage the individual as an independent contractor to perform the same, or substantially the same, work under a contract for services; or
 - (iii) An employer employs, or has at any time employed, an individual to perform particular work makes a statement that the employer knows is false in order to persuade or influence the individual to enter into a contract for services under which the individual will perform, as an independent contractor, the same, or substantially the same, work for the employer.
- (c) **Clause 14.6(b)(i)** does not apply if the employer proves that, when the representation was made, the employer did not know and was not

reckless as to whether the contract was a contract of employment rather than a contract for services.

- (d) Any use of sham contracting is a breach of this Agreement.
- (e) Where a sham contracting arrangement has been reasonably alleged and is unable to be resolved at the workplace level, any Party may refer the allegation directly to the Disputes Panel for conciliation and/or resolution under **clause 10** of this Agreement. All Parties will cooperate with the requests of the Disputes Panel including requests to provide substantiating information or undertaking an independent audit of their arrangements. For the avoidance of doubt, an affected Employee may appoint a representative in relation to such matters.
- (f) Where the sham contracting allegation exists on the Employer's project, the Employer will make itself available to assist the disputes resolution procedure.
- (g) Where the Disputes Panel Chair deems it necessary due to seriousness of the allegations and/or his/her findings, the Chair may refer the matter to the appropriate government authority.
- (h) Where it is agreed or determined by the Disputes Panel or FWC that a sham contract was in place and the person was in fact an Employee under this Agreement, the calculation for back pay will be calculated on the basis of the hourly rate contained in this Agreement plus the site allowance (if applicable), plus the multi-storey allowance and an additional 75% loading to cover entitlements other than CBUS and Incolink. Any difference between the hourly rate paid to the Employee, plus CBUS and Incolink will form the settlement for breach of this clause. The affected Employee will be re-inducted and fully informed of their entitlements under this Agreement and the Fair Work Act.
- (i) The Employer must ensure that a person engaged to undertake building work as an Employee or as an independent contractor is lawfully entitled to be so engaged under Australian law.
- (j) The Employer agrees that the Employees will be paid in accordance with the applicable wage rates and allowances as prescribed in this Agreement.
- (k) The Employer in particular acknowledges the Sham Contracting Compliance Checklist, as attached at **Appendix M**, provides a useful tool to ensure ongoing compliance.

The Employer must not deliberately withhold wages, superannuation or Employee entitlements, falsify employer records, or fail to keep employment records.

- (b) Any falsification of pay slips or employee records is a breach of this Agreement.

15 Visa Compliance

- 15.1 The Employer will ensure all Employees are lawfully entitled to work in Australia performing work under the Agreement. In circumstances where the proposed employment of overseas workers on any temporary visa forms part of a “major workplace change”, the Employer acknowledges its obligations to consult in accordance with **clause 11** – Consultation of this Agreement.
- 15.2 Should the Parties find themselves in disputation under this clause as to whether an Employee is entitled to work in Australia and/or is paid the appropriate rates, and the dispute is not able to be resolved at the workplace level, the matter shall be referred to the Disputes Panel under **clause 10** of the Agreement.
- 15.3 The Employer will maintain HR systems (including utilising the VEVO system on an ongoing basis), to ensure that temporary foreign Employees are at all times employed in accordance with the conditions of their visas.

14. In determining the Site Allowance rate, the Panel shall not deviate from the methods set out in this Appendix, unless there are special and/or exceptional circumstances.
- 14.1. Special and/or exceptional circumstances may include work on Projects where disabilities that are not accounted for in this Appendix exist. This includes, but is not limited to:
- Projects where construction/maintenance work is predominantly being performed by contract metal trades;
- Infrastructure projects with more than a four-billion-dollar Project Value.
- 14.2. Where the procedures prescribed by this clause are being followed, work shall continue normally. In the event that Employees take industrial action whilst the Panel is determining a Site Allowance under this Appendix, the date of commencement for that Site Allowance shall not be before the date on which the Employees cease industrial action.
15. Any Site Allowance that is determined in accordance with this Appendix is final and binding on the Parties. The Parties agree to comply, and give effect to a determination by the Panel under this Appendix. A failure to do so is a breach of the Agreement.

Shopping Centre and Airport Projects

16. All new construction and extension/refurbishment work at shopping centres, airports, retail strip shops and standalone retail facilities, having a Project Value in excess of \$5 million will attract the then current City of Melbourne Site Allowance.

Follow Citylink north to Racecourse Road to complete the boundary.
 - 18.3. The City of Melbourne zone will also include the area bounded by Nicholson Street, Victoria Parade, Hoddle Street and Alexandra Parade.
 - 18.4. Where one boundary of a Project fronts at least one of the above streets, then such Project is deemed to be within the City of Melbourne.

APPENDIX G – Passenger and Material Lifts

SECTION I 1. Definition of Building Where Lift Required

- 1.1 A passenger/materials lift shall be provided on a building which shall, when complete, consist of more than six (6) storey levels excluding the roof, parapets and basement levels (if any), but including the ground floor. (Refer to Sub clause 2 herein.)
- 1.2 For the purposes of this Sub-Clause, a storey level means structurally completed floor, walls, pillars or columns, and ceilings (not being false ceilings), and shall include mezzanine or similar levels, but excluding “half floors” such as toilet blocks or store rooms located between floors.
- 1.3 For the purpose of defining the number of story levels in a building; where any plant or similar structure does not exceed 25 per of the top floor area, such plant room or similar structure shall not be counted as a storey level or levels as the case may be.
- 1.4 For a building with sloping or split floors (e.g., a car park), the method of determining storey levels shall be by taking the height of that building and dividing its height by the average floor height of a building which does not have sloping or split floors.

SECTION II 2. When Lift Required

- 2.1 The passenger/materials lift shall be in operation from the date of commencement of formwork erection above the floor level of the fifth storey when counted from the lowest adjacent street level. Floor level means that stage of construction which, in the completed building, would constitute the walking surface of each particular floor level.
- 2.2 Employees will not be required to walk down from the ground floor more than four (4) levels. However, the Parties accept that from time to time there will be occasions where an alternative arrangement will need to be implemented.

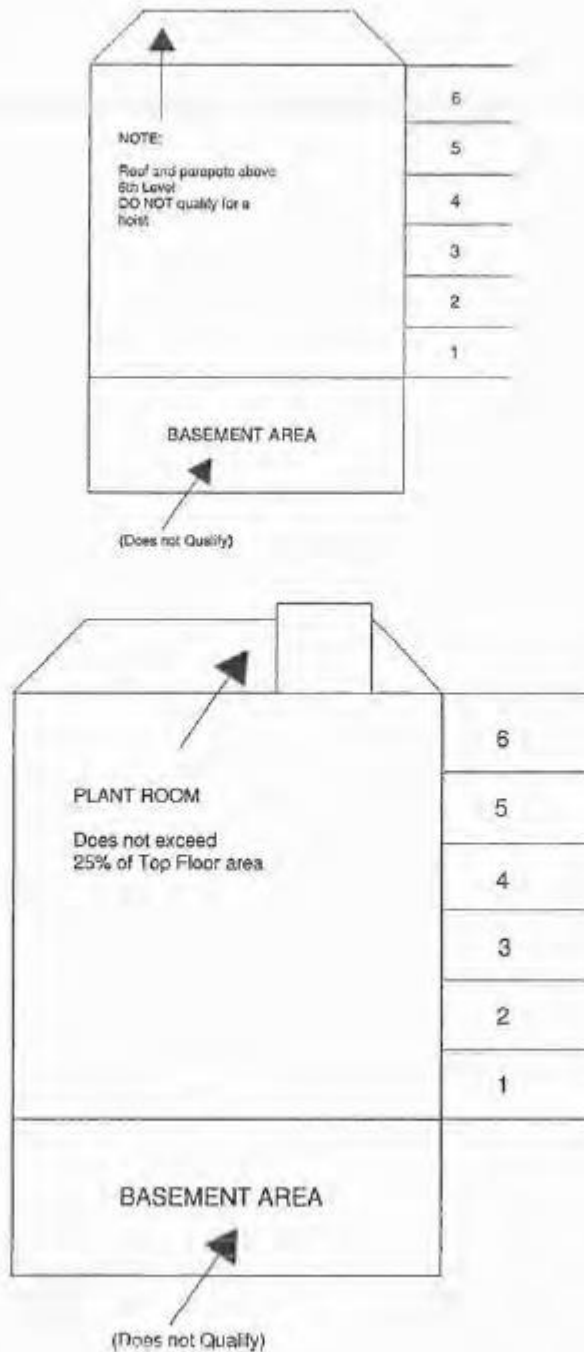

SECTION III 3. Operation of Lift

- 3.1 The mode of operation of the passenger/materials lift shall be at the discretion of Management, but there shall be landings at intervals of not more than four (4) storey levels. Subject to sub-clause 3.3, an employee would not be required to walk either up or down more than two (2) floors within the range of the lift, or more than four (4) floors within the range of the lift.
- 3.2 When the building has risen so that the formwork exceeds floors above the lift travel, the lift travel shall be extended.
- 3.3 If mechanical or power failure puts the passengers/materials lift out of action, Management must endeavour to correct the failure as soon as possible and have the passengers/materials lift back in use. During such temporary

stoppage of the passengers/materials lift, the employees are expected to walk to their place of work to a maximum of four (4) levels to work in their respective classification, and no industrial action or dispute should take place. In the case of the service core, refer to **clause 24.21(b)** of the Agreement.

- 3.4 When lifts are also used to carry materials, preference must be given to the transporting of employees at the starting, finishing and lunch times. Starting times of various Trades may be staggered by agreement to avoid lift congestion at starting and finishing times.
- 3.5 Should a crane or cranes on a building not be able to operate (e.g., because of wind or mechanical failure), employees will continue to work to a maximum of four (4) levels above the range of the lift, provided that the appropriate emergency service is satisfied that it is capable of being able to provide first aid attendance, and removal if necessary, to/of any employee on any section of the project without the use of the crane/s.
- 3.6 Subject to the provisions of the relevant OH&S legislation, the Lift Diver(s) shall remain on site to operate the lift to carry passengers.

1.0 PROJECT DRUG & ALCOHOL MANAGEMENT PROGRAM (DAMP) PROCESS

1.1 Context

This process describes the Drug and Alcohol Management Program (DAMP) within nominated [Insert Company] workplaces in Victoria.

This process applies to all workers, contractors and visitors, and on all nominated projects. Contractors will be required to comply with the requirements in this DAMP as per the contractual agreement. Where [Insert Company] is involved in an alliance or joint venture, this process is to be maintained as a minimum requirement.

The purpose of this process is to manage alcohol and other drugs and their effects on workers' fitness for work whilst performing duties or attending the workplace. This process ensures that [Insert Company] has a mechanism to appropriately manage the misuse of alcohol and other drugs in the workplace through education, counselling, rehabilitation and discipline, where required. Drug and Alcohol tests will be conducted for the following substances on [Insert Company] projects:

- Alcohol;
- Opiates;
- THC (marijuana or cannabis);
- Cocaine;
- Benzodiazepines;
- Amphetamine; and
- Methamphetamine.

1.2 Revision Status

Revisions to this Management Plan will be made as required to reflect the current site conditions and to ensure the continued suitability and effectiveness. The frequency of the review shall be determined by the Project Manager and workplace conditions but shall not exceed 12 months.

Definitions

Accredited Laboratory means a laboratory which meets minimum Australian performance standards set by an accrediting agency, being the National Australian Testing Authority (NATA).

Alcohol refers specifically to the chemical substance ethanol which, in this context may occur in either a liquid or gaseous form.

Amphetamine-type stimulants may include, but are not limited to, the following: amphetamine, Methylamphetamine, Methylenedioxymethamphetamine (MDMA), Methylenedioxyamphetamine (MDA).

B.A.C is the measurement of alcohol in the body, in grams of alcohol per 100 millilitres of blood and recorded as a percentage i.e. 0.00%.

Benzodiazepine is medications that are frequently prescribed for the symptomatic treatment of anxiety and sleep disorders.

Chain of Custody is a series of procedures to account for the integrity of each oral fluid specimen by tracking its handling and storage from point of collection to final disposal.

Cocaine includes cocaine and its metabolites including cocaine, Benzoylcegonine and Ecgonine methyl ester.

Confirmatory Test refers to a second alcohol breath test to confirm the initial reading or, in the case of drugs, an oral fluid analysis conducted at an accredited laboratory to confirm the non-negative ("fail") result obtained in the initial test. The confirmatory test results in a definitive positive (fail) or negative (pass) result.

Confirmed Positive Result (Fail) means a:

Secondary onsite breath test for alcohol in excess of 0.00 grams per 100 milliliters (0.00%) of alcohol;

Secondary test conducted at an accredited laboratory for drugs in excess of the levels contained in AS 4760:2006, performed at an accredited laboratory. Note: Benzodiazepine level¹ to be provided by the prescribed testing laboratory.

A confirmed positive result as described above is a fail.

Drug means a substance that has a physiological effect on the body, either by itself or through its metabolite(s). The term 'drug' refers to the drug and/or its metabolite(s) for the purpose of detecting a target drug in oral fluid.

Employee Assistance Program (EAP) provides assistance to [Insert Company] workers and their families.

Fit for Work means a person who has a BAC of 0.00% and tests negative for the list of substances noted in Appendix C of this document.

For Cause Testing is drug and alcohol testing which may be carried out for any of these scenarios:

An individual or group of individuals' fitness for work may have been a contributing factor in an incident. There is a direct observation or indication of impairment or unusual behaviour or actions by the individual.

Evidence or reason to believe the individual is involved with the use of alcohol or other drugs while at work.

Where safety precautions or processes may have been breached by the individual.

H&S means health and safety.

Health and Safety Committee is defined as per *Victorian Occupational Health and Safety Act 2004*.

Health and Safety Representative (HSR) means a Health and Safety Representative for a designated work group who has been elected in accordance with *Victorian Occupational Health and Safety Act 2004*.

¹ Benzodiazepine concentrations are to be confirmed with [Insert Company]'s chosen Drug & Alcohol testing provider.

Initial Screening Test is defined as indicative testing conducted at the workplace to exclude the presence of alcohol and/or a drug or a class of drugs as provided by Australian Standards AS3547:1997 and AS 4760:2006. The Initial Screening Test provides a “negative” or “non-negative” result. Where a “non-negative” (“fail”) result is obtained, confirmatory testing must be conducted to provide a conclusive result.

NATA is the National Association of Testing Authorities, who accredits laboratories, inspection bodies and calibration services produce certified reference materials and provide proficiency testing schemes throughout Australia.

Negative Result means a test result at or below the prescribed or nominated target concentration levels and this is therefore considered a “pass”.

Non-Company Personnel refers to any worker who is not directly employed by [Insert Company].

Non-Negative Result means an initial screening test result that indicates the presence of alcohol or drugs above the prescribed or nominated target concentration levels and is therefore considered a “fail”. A secondary onsite breath test for alcohol or accredited laboratory test for drugs is to be conducted to determine a confirmed positive (fail) or confirmed negative (pass) result.

OHS Act means *Victorian Occupational Health and Safety Act 2004*.

2.2 Management of test results

The Health, Safety & Environmental (HSE) Manager is responsible for receiving and maintaining the laboratory results for all positive and non-negative test results from each project.

For all positive and non-negative (fail) alcohol or drug test results, [Insert Company] will have one central database to record and to monitor disciplinary action should a worker have a 1st, 2nd or 3rd infraction. A copy of the Chain of Custody document with the presumptive test results could be forwarded to [Insert Company] which will then inform the Subcontractor line manager of the confirmatory result for each employee.

- Cooperate with his or her employer with respect to any action taken by the employer to comply with requirements imposed by the Act, Regulations or guidelines.

It is the responsibility of the worker to present in a fit state for work and have the appropriate level of rest afforded to them between shifts. Any worker, who believes that he or she may be unfit for work for any reason is expected to not commence work and to inform his or her employer accordingly.

Workers should notify their Supervisor/Line Manager if they are taking medication of any kind which may impair their ability to conduct work safely. Workers should also notify their Supervisor/Line Manager if they have an alcohol or drug issue which may be in breach of the requirements in this process.

Workers must also notify their Supervisor/Line Manager when they become aware of any breach or potential breach of this process.

3.0 EDUCATION & COMMUNICATION

3.1 Initial Training

[Insert Company] must provide initial training for each worker covering all of the following matters (e.g. site / inductions, formalized training):

- The health and safety implications of drug and alcohol use.
- Medications which may affect the worker's ability to work safely.
- Medications and other factors which may trigger a non-negative result.
- Recognition of the early indication of drug and alcohol abuse.
- The adverse effects that drugs and alcohol may have on health, and the related risks to safety and the environment.

- Treatment and rehabilitation, including [Insert Company]'s Employee Assistance Program (EAP).
- Resources available for counselling and/or rehabilitation and the procedures for obtaining assistance or referring workers for assistance.

This training will be included in workplace inductions.

3.7 Medical conditions that may affect Fitness for Duty

Workers may have legitimate medical reasons for taking lawful drugs for medical purposes or where the drug is lawfully available at pharmacies.

If a worker has a medical condition that could affect fitness for Duty, he/she should inform the Supervisor, and a worker representative if he/she so wishes. The individual is not obliged to disclose confidential medical information unless it is relevant to their ability to safely perform his/her role.

If a worker's ability to safely perform normal work duties is affected by taking prescription or pharmacy drugs, the worker should obtain this advice in writing from the medical practitioner and/or pharmacist and provide it to the supervisor, and worker representative if he/she so wishes, as soon as practicable.

Any worker required to participate in drug testing is obliged to declare to the tester any medication taken immediately prior to the test being conducted. Such information will be kept confidential and only used in determining if such medication has contributed to or caused a non-negative result.

If the worker declares the medication which results in a non-negative result prior to any testing being conducted, the worker will be deemed unfit for work until the drug class declared is confirmed by a

testing laboratory. Subject to a medical practitioner confirming & outlining the effects on fitness for work, no action will be taken against the worker in these instances.

If the worker did not declare the medication prior to the testing being conducted, then the Consequence clause below will apply, unless the worker can prove subsequently he/she has taken the medication which has resulted in the positive result or sufficient evidence is provided by a medical practitioner outlining the medication taken (consistent with the drug test result) and the effects on fitness for work.

4.1 Available support

[Insert Company] will make available support to the workers in respect of drug and alcohol issues. This will include:

- allowing access to any Union support programs; and
- Providing access to [Insert Company] Employee Assistance Program (EAP).

4.2 Employee Assistance Provider (EAP)

5.0 REGULAR TESTING

Regular drug and alcohol testing (for substances as per Appendix C) will be conducted on a monthly basis involving all workers (as defined by clause 1.4 definition) on the project. Testing will be conducted based on the following scales:

- Where there are less than 30 workers on site, a minimum of 10% of the workforce will be tested.
- Where there are 30 to 100 workers on site, a minimum of 5 workers will be tested.
- Where there are greater than 100 workers on site, a minimum of 10 workers will be tested.
- Visitors will be subject to for cause testing only

5.1 Selection Process

Workers will be selected for testing using a random selection process nominated by management following a consultation process in line with *Victorian Occupational Health and Safety Act 2004*.

5.2 Testing Process

[Insert Company] will ensure regular selection of workers to complete the testing will be conducted in a clear and transparent manner in the presence of the Drug and Alcohol Officer, Drug and Alcohol Impairment Officer and a Health and Safety Representative/Committee member where appointed.

6.0 DRUG & ALCOHOL TESTING (1ST STEP)

6.1 Principle

NB: This clause does not limit the random testing required under clause 5

The Parties agree that the pre-conditions to testing as set out in this clause represent a proper balance of ensuring a safe workplace and protecting privacy and associated rights of workers.

[Insert Company] shall only request a worker to undertake "for cause" or "reasonable concern" testing if the criteria set out below for "for cause testing" or "reasonable concern testing" are satisfied.

A worker may voluntarily test. This process is dealt with below in the section dealing with “Self-testing”.

The following are the only testing processes and techniques that can be used to undertake “for cause” or “reasonable concern” or “self-testing”. Any failure to comply with this clause will render the tests invalid, and no action will be taken against the worker in connection with the results of a non-complying test.

6.2 Self-Testing

Facilities will be made available for workers choosing to undertake a self-test for alcohol and/or drugs. The number of workers self-testing should not exceed 10% of the total workforce per month.

6.3 For Cause Testing

[Insert Company] may only request a worker to undertake for cause testing if the following criteria are met:

- The worker has been involved in an accident or incident, or had the potential to, cause:
- Serious and major damage to mobile plant or property; or
- An injury to himself/herself or other individual(s).
- Participation in a relevant and specific Industry focus area when the worker is undertaking High Risk Work as identified by [Insert Company]. Workers will be selected for testing using a random selection process nominated by [Insert Company] management following a consultation process in line with OHS legislation.

6.4 Reasonable Concern Testing

[Insert Company] may only request a worker to undertake reasonable concern testing if the following criteria are met:

An observable phenomena occurs, which is:

- the direct observation of the worker of using, and/or the physical behavioural symptoms of being impaired by, alcohol and/or other drugs; and/or
- unusual and/or inexplicable actions by the worker;
- There is evidence that the worker is involved in the use or possession of alcohol and/or other drugs while working; or
- The worker has breached safety provisions or procedures.

7.0 TESTING PROCEDURE (2ND STEP)

7.1 Self-Testing

The following process is designed to encourage self-testing where a worker is unsure of his/her fitness for work. Self-testing will be done in accordance with the following:

- [Insert Company] will provide workers with private and confidential facilities and equipment to self-test for alcohol and/or drugs on a “without prejudice” basis before starting work.
- The worker who seeks to self-test for alcohol shall do so in accordance with the relevant testing method below.
- The worker, who seeks to self-test for drugs, shall advise the D&A Officer of this.
- The D&A Officer shall then conduct the relevant testing method below if requested.

7.2 For Cause or Reasonable Concern testing procedure

If the pre-conditions for "For Cause or Reasonable Concern" testing have been satisfied, the following procedure may be engaged in.

[Insert Company] shall firstly meet with the worker, who will be given the opportunity to have a representative of their choice present where practicable. At this meeting:

- [Insert Company] shall advise the worker of the factual foundation which has satisfied the relevant pre-conditions for testing;
- [Insert Company] may request the worker to undertake an Observable Impairment Assessment (see Appendix A).
- If the worker refuses to undertake the Observable Impairment Assessment (Appendix A), then the refusal clause shall apply.
- If the worker agrees, then the 'Observable Assessment Checklist' is undertaken and completed in accordance with Appendix A.
- If deemed to be impaired, the worker is to be tested in accordance with the Testing Methods clause.
- If not impaired, the worker shall return to work and all records shall be destroyed.

8.0 TESTING METHODS FOR DRUGS & ALCOHOL

8.1 Alcohol Testing Method

Alcohol testing may only be done by use of an Accredited Breath Test device. The device must be calibrated and meet the minimum requirements of AS3547.

8.2 Drug Testing Method

Drug testing may only be done by oral fluid testing. The [Insert Company] DAMP requires that the following substances are tested for:

- Opiates;
- THC;
- Cocaine;
- Benzodiazepines;
- Amphetamine; and
- Methamphetamine.

The equipment used to perform the test shall be used, tested and calibrated to the manufacturer's instructions and certified to AS 4760 (Processes for specimen collection and the detection and quantitation of drug in oral fluid).

The drug testing shall be conducted by an accredited person, following all of the chain of custody provisions.

The test must be performed in accordance with AS 4760 (Procedures for specimen collection and the detection and quantitation of drugs in oral fluid).

This includes, but is not limited to:

- performing all the quality assurance requirements, such as negative and positive controls every 25 tests; the testing body must be accredited and independently audited by an organisation such as ISO or NATA;

- Collectors must be trained and receive a certificate of attainment in accordance with the Australian Quality Training Framework;
- Oral Fluid devices must have the recommended cut-off levels;
- Oral Fluid devices must undergo regular quality control checks including a positive and negative control every 25 tests, and one in 20 negative donor samples must be sent to an appropriately accredited laboratory to confirm a negative result;
- Collectors are required to explain the procedures to each donor, conduct an approved identity check, and have them complete a consent form;
- Collection and performance of the initial test must be performed in the presence of the donor; and
- An unconfirmed (non-negative) sample must be despatched under strict chain of custody procedures including a second reference sample which has been collected at the same time.

The quantification analysis of the samples detected as non-negative in the on-site device must be conducted in a NATA accredited laboratory for confirmation testing.

The above does not apply to self-testing to the extent that it is inconsistent with the self-testing regime.

9.0 TESTING RESULTS

9.1 Principle

The overarching principle of this program and testing is to identify workers who are not fit to perform the inherent requirements of their position.

Alcohol Testing

- A worker undertaking any work activities will be considered to have not passed the BAC test if his/her test result indicates a BAC of more than 0.00 mg/ml.

9.2 Drug Testing

- A worker will be considered to have not passed their drug test if their test result indicates they have equal to or above the relevant cut-off levels of the substances referred to in AS 4760.
- [Insert Company] shall only be advised whether the test result is positive or negative for drugs. [Insert Company] will have one central database to record and monitor disciplinary action should a worker have a 1st, 2nd or 3rd infraction. [Insert Company] will inform the relevant Subcontractor line manager of the confirmatory result for each employee. This information should be made available to the EAP provider as agreed by the worker.
- The worker shall receive the full drug test results report (as per AS 4760). Note: Benzodiazepine level to be provided by the prescribed testing laboratory.
- The results shall be provided by confidential email or in a sealed envelope, marked private and confidential from the relevant tester.

10.0 CONSEQUENCES

10.1 Self-Testing

Workers who self-test positive for alcohol and/or drugs shall advise [Insert Company] that they are unfit for work.

All reasonable assistance is to be afforded to ensure the affected worker can make his/her way from the workplace to a safe location without harm (e.g. taxi, lift from a friend or supervisor).

Workers who test positive for alcohol and/or drugs are required to present to the D&A Officer for self-testing prior to their next shift to conduct a test. The worker is required to provide a negative sample prior to entering the job.

An agreed leave of absence arrangement or loss of pay is to apply.

No record of testing shall be kept

Note: Self-testing does not exempt workers from being part of any other determined drug & alcohol testing

10.2 Alcohol Test

Workers who pass the alcohol test shall be permitted to return to work immediately. No individual test record is to be maintained.

Workers who do not pass the alcohol test are required to cease work and will be retested 60 minutes after initial test or at the discretion of the Testing Officer.

Workers who are retested after **60 minutes** and pass the alcohol test are permitted to return to work immediately. No loss of pay is to apply and no individual test record is to be maintained.

Where a worker is retested after **60 minutes** and does not pass the alcohol test, he/she is not permitted to return to work and shall leave the workplace when practicable. All reasonable assistance is to be afforded to ensure the affected worker can make his/her way from the workplace to a safe location without harm (e.g. taxi, lift from a friend or supervisor). For the period after the first **60 minutes**, an agreed leave of absence arrangement or loss of pay is to apply.

Prior to returning to work, the worker will be required to take an alcohol test on site with a Drug & Alcohol Officer present. The worker can only return to work if the test result is 0.0. BAC

10.3 Drug Testing

Workers recording a negative result (pass) are permitted to return to work immediately. No record of the test is to be maintained.

Workers recording an onsite non-negative result (fail) will NOT be permitted to return to work and the oral fluid sample will be sent immediately for confirmatory testing at an accredited laboratory in line with AS 4760. The worker shall then leave the workplace when practicable. All reasonable assistance is to be afforded to ensure the affected worker can make their way from the workplace to a safe location without harm (e.g. taxi, lift from a friend or supervisor). An agreed leave of absence arrangement or loss of pay is to apply.

Workers who have recorded an onsite non-negative result (fail), who has then subsequently recorded a negative result (pass) in the confirmatory testing, shall return to work at the start of their next allocated shift and without any loss of pay.

Workers who have recorded an onsite non-negative result (fail), who has then subsequently recorded a positive result (fail) in the confirmatory testing, shall not be permitted to return to work. An agreed leave of absence arrangement or loss of pay is to apply.

However, a worker may dispute the confirmatory test and elect to have Sample B tested at the same or an alternative NATA accredited laboratory. If the result is negative (pass), the worker may return to work with no loss of pay or disciplinary action. If the result is confirmed positive (fail) the worker will not be permitted to return to work and an agreed leave of absence arrangement with [Insert Company] or loss of pay is to apply. The cost of this Sample B testing is borne by the worker.

A worker who was required to leave the workplace for non-compliance is required to return a negative (pass) retest prior to commencing their next normal shift. An agreed leave of absence arrangement or loss of pay is to apply for the duration of their absence.

10.4 Refusal to Test

The following steps shall be undertaken if a worker refuses to participate in the abovementioned tests (excluding self-testing):

- [Insert Company], will inform the worker and the worker's chosen representative, the refusal will have the same consequences as a non-negative result, i.e. that the worker will be deemed to be unfit for work due to the presence of alcohol or drugs.
- If the worker still refuses, [Insert Company] and the D&A Impairment Officer shall consult with the worker and the worker's chosen representative, regarding the requirements, process and consequences of refusing to test and encourage him/her to partake in the test. This would be the second request to be tested.

If the worker still refuses, the refusal will be treated as a confirmed positive result, and will be subjected to the relevant consequences of such. All reasonable assistance is to be offered to ensure the worker can make his/her way from the workplace to a safe location without harm (i.e. Taxi, lift from a friend or Supervisor). An agreed leave of absence arrangement or loss of pay is to apply for the duration of their absence

10.5 Disciplinary Action

The following sets out the action which may be taken when a worker returns a confirmed positive result to an alcohol or drug test.

First Occasion - A worker who has received a first confirmed positive test for alcohol or drugs (other than by self-testing) will be:

- Required to attend the Support referred to in clause 4;
- Informed of the consequences of testing positive and obligation to present, or remain in a fit state;
- Informed of further disciplinary action and testing requirements should he/she have a confirmed positive result (alcohol or drug) within the next 12 months.
- Second Occasion - A worker who has received a second confirmed positive test for alcohol or drugs (other than by self-testing) within any 12 month period will be:
 - Required to re-attend the Support referred to in clause 4;
 - Required to participate in a rehabilitation program as per clause 4;
 - Informed of the consequences of testing positive and obligation to present, or remain in a fit state;
 - Given a verbal warning with diary entry placed on file; and
 - Informed of further disciplinary action and testing requirements should they have a confirmed positive result (alcohol or drug) within the next 12 months.

A worker who has received three confirmed positive test results for alcohol or drugs which has been detected in a 12 month period may be dismissed under [Insert Company]'s disciplinary processes.

A worker who fails to attend EAP sessions or other support sessions may be dismissed under the worker's disciplinary processes.

[Insert Company] will liaise with & provide assistance when required, to Subcontractors in matters relating to their individual EAPs & other support processes.

No disciplinary action will be taken in respect of positive test results from a self-test.

10.6 Self-Declaration

Workers will not be disadvantaged for self-disclosure and therefore will be supported through counselling and rehabilitation processes and provided with the support contained in clause 4. In such

cases the worker will be required to take accrued or negotiated unpaid leave and may return to work when fit for duty.

The worker may be suspended from any work with immediate effect in order for an assessment to be made of the duties he/she are able to perform safely and a drug and alcohol test is to be undertaken as soon as reasonably practicable.

11.0 CONFIDENTIALITY

11.1 Confidentiality of Information

All information gathered as a result of alcohol and other drug testing is collected for the purpose of implementing this process.

11.2 Confidentiality of Results

The positive/negative result from a drug and alcohol test must remain confidential information and use/access/dissemination shall be restricted to those whose role makes it necessary to have access to it.

11.3 [Insert Company]'s Duties

[Insert Company] will adhere to the following:

APPENDIX K – Sexual Harassment Principles

Gendered violence causes physical and psychological harm and poses significant risk to the health, safety and wellbeing of the workers. Gendered violence is any behaviour that causes harm to a worker because of their sex, gender or sexual orientation.

1 SEXUAL HARASSMENT

1.1 Purpose

Sexual harassment is unlawful and prohibited by both the *Equal Opportunity Act 2010* (Vic) and the *Sex Discrimination Act 1984* (Cth).

The Parties are committed to providing a safe, flexible and respectful environment for all employees free from all forms of sexual harassment.

1.2 Principles

The principles associated with this provision are that:

- Sexual harassment is unlawful and will not be tolerated in the workplace.
- A single incident can constitute sexual harassment.
- Employees may be personally liable if allegations of sexual harassment are substantiated against them.
- Legal action (civil and/or criminal) may be taken against a person who has engaged in sexual harassment.
- The Parties recognises that comments and behaviour that do not offend one person can offend another. All employees are required to treat others with dignity, courtesy and respect.

1.3 Responsibilities

Employees

All Employees must:

- not engage in sexual harassment;
- participate in any training provided by the Employer;
- treat information in relation to claims of sexual harassment with confidentiality;
- ensure that a person is not victimised for making, or being involved in, a sexual harassment complaint; and
- report any observations of suspected or alleged sexual harassment in accordance with this Policy.

Employer

The Employer will treat all complaints seriously and take prompt and appropriate action to address them in accordance with this Policy.

2 SEXUAL HARASSMENT IN THE WORKPLACE

2.1 What is sexual harassment?

Sexual harassment in the workplace may take various forms and can be directed at, and perpetrated by, all persons including male, female, transgender and gender diverse. It may be physical, spoken or written and may include, but is not limited to unwelcome:

- physical contact of a sexual nature;
- comments or questions of a sexual nature about a person's private life or their appearance;
- sexually suggestive behaviour, such as leering or staring or offensive gestures;
- brushing up against someone, touching, fondling or hugging;
- sexually suggestive comments or jokes;
- displaying offensive screen savers, photos, calendars or objects;
- repeated requests to go out;
- unwanted displays or declarations of affection;
- requests for sex;
- sexually explicit emails, text messages or posts on social networking sites;
- sexual assault, indecent exposure, physical assault and stalking (which are also criminal offences); and
- actions or comments of a sexual nature in a person's presence (even if not directed at that person).

2.2 Threshold

The *Equal Opportunity Act 2010* and the *Sex Discrimination Act 1984* provide that sexual harassment occurs in circumstances in which the conduct is unwelcome and where a reasonable person, having regard to all the circumstances, would have anticipated that the other person would be offended, humiliated or intimidated.

There is no requirement that the unwelcome conduct be repeated; a one-off incident can be sexual harassment. Equally, a broader pattern of behaviour can constitute sexual harassment.

2.3 What is the workplace?

Within the workplace

For the purposes of sexual harassment law, a workplace is any place a person attends for the purpose of carrying out functions in connection with, or in the course of their employment or prospective employment. This includes work performed at your designated site as well as attendance at work related events and functions.

3 REPORTING SEXUAL HARASSMENT

The Parties will not stand for any form of sexual harassment in the workplace. The Parties strongly encourages employees who believe they have been sexually harassed

or have witnessed sexual harassment to consider making an informal or formal complaint.

In cases of sexual assault, employees will be invited to make a report to the police.

3.1 Confidentiality

Disclosures/complaints of sexual harassment will be treated in confidence in order to protect an employee's personal privacy as much as possible.

4 RESPONDING TO SEXUAL HARASSMENT

4.1 Employer's responsibility

If a complaint of sexual harassment is made, or sexual harassment is observed or brought to the attention of the Employer it must be acted upon, as appropriate, as soon as practicable. When considering the report of sexual harassment the complainant and respondent will be:

- treated fairly and respectfully; and
- allowed the opportunity to respond to any allegations made against them before any final decision is made.

4.2 Findings

A substantiated complaint of sexual harassment may result in a number of outcomes against an employee, including termination of employment. Depending on the severity of the case, actions following a finding of sexual harassment can range from an apology to disciplinary action against the person found to have engaged in harassment (such as demotion, transfer or termination of employment).

Each case will be assessed on its own merits.
