The employee retains their right of election under this clause if the employer fails to comply with this subclause.

(c) Any such casual employee who does not within four weeks of receiving written notice elect to convert their contract of employment to full-time or part-time employment is deemed to have elected against any such conversion.

(d) Any casual employee who has a right to elect under clause 14.3(a), on receiving notice under clause 14.3(b) or after the expiry of the time for giving such notice, may give four weeks notice in writing to the employer that they seek to elect to convert their contract of employment to full-time or part-time employment, and within four weeks of receiving such notice the employer must consent to or refuse the election but must not unreasonably so refuse.

(e) Once a casual employee has elected to become and has been converted to a full-time or part-time employee, the employee may only revert to casual employment by written agreement with the employer.

(f) If a casual employee has elected to have their contract of employment converted to full-time or part-time employment in accordance with clause 14.3(d), the employer and employee must, subject to clause 14.3(d), discuss and agree on:

(g) An employee who has worked on a full-time basis throughout the period of casual employment has the right to elect to convert their contract of employment to full-time employment and an employee who has worked on a part-time basis during the period of casual employment has the right to elect to convert their contract of employment to part-time employment, on the basis of the same number of hours and times of work as previously worked, unless other arrangements are agreed on between the employer and employee.

(h) Following such agreement being reached, the employee converts to full-time or part-time employment.

(i) Where, in accordance with clause 14.3(d) an employer refuses an election to convert, the reasons for doing so must be fully stated to and discussed with the employee concerned and a genuine attempt made to reach agreement.

(j) By agreement between the employer and the majority of the employees in the relevant workplace or a section or sections of it, or with the casual employee concerned, the employer may apply clause 14.3(a) as if the reference to six months is a reference to 12 months, but only in respect of a currently engaged
individual employee or group of employees. Any agreement reached must be kept by the employer as a time and wages record. Any agreement reached with an individual employee may only be reached within the two months prior to the period of six months referred to in clause 14.3(a).

(k) For the purposes of this clause, an **irregular casual employee** is one who has been engaged to perform work on an occasional or non-systematic or irregular basis.

In accordance with s.123(4)(b) of the Act the provisions of Subdivision B—Redundancy pay of Division 11 of the NES do not apply to employers and employees covered by this award.

Service as an apprentice will entitle an employee to accumulate credits towards the payment of a redundancy benefit in accordance with this clause if the employee completes an apprenticeship and remains in employment with that employer for a further 12 months.

18.4 Redundancy pay schemes

(a) Where an employer terminates the employment of an employee and the employer incurs a redundancy pay obligation to the employee under this clause, some or all of the benefit the employee receives from a redundancy pay fund may be set off against the employer’s redundancy pay obligation under this clause, subject to the following conditions.

(b) If the employee receives a benefit from the redundancy pay fund, the employer may set off any proportion of the benefit which is attributable to the employer’s contribution to the fund against its redundancy pay obligation under this clause. If the proportion so calculated is equal to or greater than the employer’s redundancy pay obligation under this clause the obligation will be fully satisfied.

(c) If the employee does not receive a benefit from the redundancy pay scheme, contributions made by an employer on behalf of an employee to the scheme will, to the extent of those contributions, be set off against the liability of the employer under this clause and payments to the employee will be made in accordance with the rules of the redundancy pay scheme fund or any agreement relating thereto. (i) **Forward journey**

[21.9(d)(i) varied by PR998139, PR509189, PR523019, PR536822; substituted by PR539029 ppc 19Jul13; varied by PR551745, PR566846, PR579541, PR592295, PR606517, PR704189, PR707644 ppc 01Jul19]

- For the time spent in so travelling, at the hourly minimum wage up to a maximum of eight hours per day for each day of travel (to be calculated as the time taken by rail or the usual travelling facilities).

- For the amount of the fare on the most common method of public transport to the job (bus, air or rail with sleeping berths if necessary), any excess payment due to transporting the employee’s tools if such an expense is incurred.

- For any meals incurred while travelling at $13.58 per meal.

- The employer may deduct the cost of the forward journey fare from an employee who terminates or discontinues their employment within two weeks of commencing on-the-job and who does not forthwith return to their place of engagement.

(ii) **Return journey**

[21.9(d)(ii) varied by PR998139, PR523019, PR536822, PR551745, PR566846, PR606517, PR704189, PR707644 ppc 01Jul19]

- An employee will, for the return journey, receive the same time, fares, and meal payments as provided in clause 21.9(d)(i), together with an amount of $20.97 to cover the cost of transporting themself and their tools from the main public transport terminal to the employee’s usual place of residence.

- The above return journey payments will not be paid if the employee terminates or discontinues the employment within two months of commencing on-the-job, or if the employee is dismissed for incompetence within one working week of commencing on-the-job, or is dismissed for misconduct.

- Departure point—for the purposes of this clause, travelling time will be calculated as the time taken for the journey from the central or regional rail, bus or air terminal nearest the employee’s usual place of residence to the locality of the work.
(iii) **Daily fares allowance**

[21.9(d)(iii) substituted by PR539029 ppc 19Jul13]

An employee engaged on a job which qualifies the employee to the provisions of this clause and who is required to reside elsewhere than on the site (or adjacent to the site and supplied with transport) must be paid the fares allowance prescribed by clause 21.8(b).

(iv) **Weekend return home**

[21.9(d)(iv) varied by PR998139, PR523019, PR536822, PR551745, PR566846, PR606517, PR704189, PR707644 ppc 01Jul19]

- An employee who works as required during the ordinary hours of work on the working day before and the working day after a weekend and who notifies the employer or their representative, no later than Tuesday of each week, of the employee’s intention to return to the employee’s usual place of residence for the weekend, must be paid an allowance of $35.36 for each occasion. This provision will not apply to an employee who is receiving the payment prescribed in clause 21.9(c) instead of board and lodging being provided by the employer or who is receiving a camping allowance as prescribed in clause 21.9(d)(v).

- When an employee returns home for a weekend or part of a weekend and does not absent themself from the job for any of the ordinary working hours, no reduction of the allowance prescribed in clause 21.9(c) will be made.

(v) **Construction camps**

[21.9(d)(v) varied by PR998139, PR523019, PR536822, PR551745, PR566846, PR606517, PR704189, PR707644 ppc 01Jul19]

- **Camp and caravan accommodation**

Where an employee is engaged on the construction of projects which are located in areas where reasonable board and lodging is not available or where the size of the workforce is in excess of the available accommodation or where continuous concrete pour requirements of the project or the working of shifts necessitate camp accommodation and where, because of these circumstances, it is necessary to house the employees in a camp or caravan accommodation the employer must reimburse all costs associated with the employee arranging and providing such camp or caravan accommodation. This provision will not apply where the employer provides appropriate camp or caravan accommodation.

- **Camping allowance**

An employee living in a construction camp or caravan accommodation where free messing is not provided will receive a camping allowance of $175.38 for every complete week the employee is available for work. If required to be in camp for less than a complete week the employee must be paid $25.13 per day including any Saturday or Sunday if the employee is in camp and available for work on the working day.
immediately preceding and succeeding each Saturday or Sunday. If an employee is absent without the employer’s approval on any day, the allowance will not be payable for that day and if such unauthorised absence occurs on the working day immediately preceding or succeeding a Saturday or Sunday, the allowance will not be payable for the Saturday or Sunday.

(e) Rest and recreation

(i) Rail or road travel

[21.9(e)(i) varied by PR994534 from 01Jan10]

- An employee who proceeds to a job which qualifies them for provisions of this subclause may, after two months’ continuous service and thereafter at three monthly periods in respect of plumbing and mechanical services employees, and two months’ continuous service and two monthly periods thereafter in respect of sprinkler fitters, return to the employee’s usual place of residence at the weekend. If the employee does so, the employee must be paid the amount of a bus or return railway fare to the bus or railway station nearest their usual place of residence on the pay day which immediately follows the date on which the employee returns to the job, provided no delay not agreed to by the employer takes place in connection with the employee’s commencement of work on the morning of the working day following the weekend. Provided, however, that if the work upon which the employee is engaged will terminate in the ordinary course within a further 28 days (14 days for a sprinkler fitter) after expiration of any such period of two or three months, then the provisions of this subclause will not be applicable.

- This entitlement will be availed of as soon as reasonably practical after it becomes due and will lapse after a period of two months provided that the employee has been notified in writing by the employer in the week prior to such entitlement becoming due of the date of entitlement and that such entitlement will lapse if not taken before the appropriate date two months later. Proof of such written notice will lie with the employer.

- Service requirements—for the purpose of this clause service will be deemed to be continuous despite an employee’s absence from work as prescribed in this clause.

(ii) Variable return home

In special circumstances, and by agreement with the employer, the return to the usual place of residence entitlements may be granted earlier or taken later than the prescribed date of accrual without alteration to the employee’s accrual entitlements.

(iii) No payment for unused fares

Payment of fares as provided for in this subclause will not be made unless availed of by the employee.
(iv) **Flexible rostered day off**

If the employer and employee so agree in writing, the paid rostered day off as prescribed in clause 29—Ordinary hours of work over a four week work cycle, may be taken, and paid for, in conjunction with and additional to rest and recreation leave as prescribed in this subclause or at the end of the project or on termination, whichever comes first.

(v) **Termination**

An employee will be entitled to notice of termination in sufficient time to arrange suitable transport at termination or must be paid as if employed up to the end of the ordinary working day before transport is available.

(f) **Transitional airfares provision in respect of employees in the Territory of Christmas Island**

[21.9(f) inserted by PR994534 from 01Jan10]

(ii) The airfare payable is the equivalent of a return economy airfare from Christmas Island to Perth.

(iii) Clause 21.9(f) ceases to operate on 31 December 2014.

21.10 **Inclement weather**

(a) **Inclement weather** means the existence of rain or abnormal climatic conditions (whether hail, extreme cold, high wind, severe dust storm, extreme high temperature or the like or any combination of these conditions) where it is not reasonable or it is unsafe for employees to continue working in those conditions.

(b) **Procedure**

The employer or its representative, when requested by the employees or their representative, must confer within a reasonable time (which does not exceed 60 minutes) for the purpose of determining whether or not the conditions referred to in this clause apply.

(c) **Restrictions on payments**

An employee will not be entitled to payment for inclement weather as provided for in this subclause unless the employee remains on-the-job until the provisions set out in this subclause have been observed.

(d) **Entitlement to payment**

An employee will be entitled to payment by their employer for ordinary time lost through inclement weather for up to, but not more than 32 hours in every period of four weeks. The following conditions will apply:
(i) the first period will commence on the first Monday on or after the 1 January each year, and subsequent periods will commence at four weekly periods thereafter;

(ii) the employee will be credited with 32 hours at the commencement of each four weekly period. Hours will not accumulate or be carried over;

(iii) if an employee commences employment during a four weekly period they will be credited eight hours for each week, or part of a week, that the employee is employed during the four weekly period;

(iv) the number of hours credited to an employee will be reduced by the number of hours for which payment is made; and

(v) payment under this clause will be weekly.

(e) Transfers

Employees may be transferred from one location on a site where it is unreasonable to work due to inclement weather, to work at another location on the same site, or another site, which is not affected by inclement weather. Where an employee is required to transfer from one site to another the employee will be reimbursed the cost of transport in accordance with clause 21.8(e) except where the employer provides transport.

(f) Employees required to work in inclement weather

(i) Except as provided in this subclause an employee will not work or be required to work in inclement weather.

(ii) Employees required to work in inclement weather will only be obliged to perform such work as is essential to overcome the emergency and to restore an acceptable service and/or to secure or make the site safe as circumstances require. Employees engaged on such work must be paid at the rate of double time.

(iii) Where the employer requires an employee to work in inclement weather, the employee will be reimbursed in full the cost of appropriate protective clothing, except where the employer provides such protective clothing.

(iv) If the employee’s clothing becomes wet as a result of working in wet weather and the employee does not have a change of dry work clothes, the employee will be entitled, at the completion of the work, to cease work for the day without loss of pay.

(g) Cessation and resumption of work

(i) At the time employees cease work due to inclement weather the employer or their representative on site and the employees’ representative will agree and note the time of cessation of work.

(ii) After the period of inclement weather has clearly ended the employees will resume work and the time will be similarly agreed and noted.
(h) **Safety**

Where an employee is prevented from working at their particular function as a result of unsafe conditions caused by inclement weather, the employee may be transferred to other work in their trade on site, until the unsafe conditions are rectified. Where such alternative work is not available, and until the unsafe conditions are rectified, the employee will remain on site. The employee must be paid for such time without reduction of their inclement weather entitlement.

(i) **Additional wet weather procedure**

(i) **Remaining on site**

[21.10(i)(i) substituted by PR994534 from 01Jan10]

Where, because of wet weather, the employees are prevented from working:

- for more than an accumulated total of four hours of ordinary time in any one day;
- after the meal break, as provided in clause 30.1, for more than an accumulated total of 50% of the normal afternoon work time;
- during the final two hours of the normal work day for more than an accumulated total of one hour;

the employer will not be entitled to require the employees to remain on site beyond the expiration of any of the above. Where, by agreement between the employer and/or their representative and the employees and/or their representative, the employees remain on site beyond the periods specified, any such additional wet time must be paid for but will not be debited against the employees’ hours. Wet time occurring during overtime will not be taken into account for the purposes of this subclause.

(ii) **Rain at starting time**

[21.10(j) renumbered as 21.10(i)(ii) by PR994534 from 01Jan10]

Despite the provisions of clause 21.10(f) where the employees are in the sheds, because they have been rained off, or at starting time, morning tea, or lunch time, and it is raining, they may be required to go to work in a dry area or to be transferred to another site where:

- the rain stops;
- a covered walk-way has been provided;
- the sheds are under cover and the employees can get to the dry area without going through the rain; or
- adequate protection is provided. Protection will, where necessary, be provided for the employee’s tools.

(i) Payment for a RDO will be made from money accrued in accordance with clause 29.2.

(ii) A RDO will be recorded in the time and wages records of the employer.

(iii) Where the scheduled RDO falls on a public holiday under clause 37—Public holidays the next working day will be taken as the RDO, unless an alternate day in that four week cycle or the next four week cycle is agreed in writing between the employer and the employee.

33.7  Time off instead of payment for overtime

[33.7 inserted by PR584130 ppc 22Aug16]

(a) An employee and employer may agree in writing to the employee taking time off instead of being paid for a particular amount of overtime that has been worked by the employee.

(b) Any amount of overtime that has been worked by an employee in a particular pay period and that is to be taken as time off instead of the employee being paid for it must be the subject of a separate agreement under clause 33.7.

(c) An agreement must state each of the following:

(i) the number of overtime hours to which it applies and when those hours were worked;

(ii) that the employer and employee agree that the employee may take time off instead of being paid for the overtime;

(iii) that, if the employee requests at any time, the employer must pay the employee, for overtime covered by the agreement but not taken as time off, at the overtime rate applicable to the overtime when worked;

(iv) that any payment mentioned in subparagraph (iii) must be made in the next pay period following the request.

Note: An example of the type of agreement required by this clause is set out at Schedule K. There is no requirement to use the form of agreement set out at Schedule K. An agreement under clause 33.7 can also be made by an exchange of emails between the employee and employer, or by other electronic means.
(d) The period of time off that an employee is entitled to take is the same as the number of overtime hours worked.

EXAMPLE: By making an agreement under clause 33.7 an employee who worked 2 overtime hours is entitled to 2 hours’ time off.

(e) Time off must be taken:

(i) within the period of 6 months after the overtime is worked; and

(ii) at a time or times within that period of 6 months agreed by the employee and employer.

(f) If the employee requests at any time, to be paid for overtime covered by an agreement under clause 33.7 but not taken as time off, the employer must pay the employee for the overtime, in the next pay period following the request, at the overtime rate applicable to the overtime when worked.

(g) If time off for overtime that has been worked is not taken within the period of 6 months mentioned in paragraph (e), the employer must pay the employee for the overtime, in the next pay period following those 6 months, at the overtime rate applicable to the overtime when worked.

(h) The employer must keep a copy of any agreement under clause 33.7 as an employee record.

(i) An employer must not exert undue influence or undue pressure on an employee in relation to a decision by the employee to make, or not make, an agreement to take time off instead of payment for overtime.

(j) An employee may, under section 65 of the Act, request to take time off, at a time or times specified in the request or to be subsequently agreed by the employer and the employee, instead of being paid for overtime worked by the employee. If the employer agrees to the request then clause 33.7 will apply, including the requirement for separate written agreements under paragraph (b) for overtime that has been worked.

Note: If an employee makes a request under section 65 of the Act for a change in working arrangements, the employer may only refuse that request on reasonable business grounds (see section 65(5) of the Act).

(k) If, on the termination of the employee’s employment, time off for overtime worked by the employee to which clause 33.7 applies has not been taken, the employer must pay the employee for the overtime at the overtime rate applicable to the overtime when worked.

Note: Under section 345(1) of the Act, a person must not knowingly or recklessly make a false or misleading representation about the workplace rights of another person under clause 33.7.

Note 2: An employer may only refuse a s.65 request for a change in working arrangements on ‘reasonable business grounds’ (see s.65(5) and (5A)).

Note 3: Clause 33A is an addition to s.65.

33A.2 Responding to the request

Before responding to a request made under s.65, the employer must discuss the request with the employee and genuinely try to reach agreement on a change in working arrangements that will reasonably accommodate the employee’s circumstances having regard to:

(a) the needs of the employee arising from their circumstances;

(b) the consequences for the employee if changes in working arrangements are not made; and

(c) any reasonable business grounds for refusing the request.

Note 1: The employer must give the employee a written response to an employee’s s.65 request within 21 days, stating whether the employer grants or refuses the request (s.65(4)).

Note 2: If the employer refuses the request, the written response must include details of the reasons for the refusal (s.65(6)).

33A.3 What the written response must include if the employer refuses the request

Clause 33A.3 applies if the employer refuses the request and has not reached an agreement with the employee under clause 33A.2.

(a) The written response under s.65(4) must include details of the reasons for the refusal, including the business ground or grounds for the refusal and how the ground or grounds apply.

(b) If the employer and employee could not agree on a change in working arrangements under clause 33A.2, the written response under s.65(4) must:

(i) state whether or not there are any changes in working arrangements that the employer can offer the employee so as to better accommodate the employee’s circumstances; and

(ii) if the employer can offer the employee such changes in working arrangements, set out those changes in working arrangements.
33A.4 What the written response must include if a different change in working arrangements is agreed

If the employer and the employee reached an agreement under clause 33A.2 on a change in working arrangements that differs from that initially requested by the employee, the employer must provide the employee with a written response to their request setting out the agreed change(s) in working arrangements.

33A.5 Dispute resolution

Disputes about whether the employer has discussed the request with the employee and responded to the request in the way required by clause 33A, can be dealt with under clause 9—Dispute resolution.

[34.6 inserted by PR583048 ppc 29Jul16]

(a) An employee has an excessive leave accrual if the employee has accrued more than 8 weeks’ paid annual leave (or 10 weeks’ paid annual leave for a shiftworker, as defined by clause 34.1(b)).

(b) If an employee has an excessive leave accrual, the employer or the employee may seek to confer with the other and genuinely try to reach agreement on how to reduce or eliminate the excessive leave accrual.

(c) Clause 34.7 sets out how an employer may direct an employee who has an excessive leave accrual to take paid annual leave.

(d) Clause 34.8 sets out how an employee who has an excessive leave accrual may require an employer to grant paid annual leave requested by the employee.

[34.7 inserted by PR583048 ppc 29Jul16]

(a) If an employer has genuinely tried to reach agreement with an employee under clause 34.6(b) but agreement is not reached (including because the employee refuses to confer), the employer may direct the employee in writing to take one or more periods of paid annual leave.

(b) However, a direction by the employer under paragraph (a):

(i) is of no effect if it would result at any time in the employee’s remaining accrued entitlement to paid annual leave being less than 6 weeks when any other paid annual leave arrangements (whether made under clause 34.6, 34.7 or 34.8 or otherwise agreed by the employer and employee) are taken into account; and

(ii) must not require the employee to take any period of paid annual leave of less than one week; and

(c) The employee must take paid annual leave in accordance with a direction under paragraph (a) that is in effect.

(d) An employee to whom a direction has been given under paragraph (a) may request to take a period of paid annual leave as if the direction had not been given.

Note 1: Paid annual leave arising from a request mentioned in paragraph (d) may result in the direction ceasing to have effect. See clause 34.7(b)(i).

Note 2: Under section 88(2) of the Fair Work Act, the employer must not unreasonably refuse to agree to a request by the employee to take paid annual leave.

34.8 Excessive leave accruals: request by employee for leave

[34.8 inserted by PR583048; substituted by PR583048 ppc 29Jul17]

(i) the employee has had an excessive leave accrual for more than 6 months at the time of giving the notice; and

(ii) the employee has not been given a direction under clause 34.7(a) that, when any other paid annual leave arrangements (whether made under
clause 34.6, 34.7 or 34.8 or otherwise agreed by the employer and employee) are taken into account, would eliminate the employee’s excessive leave accrual.

(c) A notice given by an employee under paragraph (a) must not:

(i) if granted, result in the employee’s remaining accrued entitlement to paid annual leave being at any time less than 6 weeks when any other paid annual leave arrangements (whether made under clause 34.6, 34.7 or 34.8 or otherwise agreed by the employer and employee) are taken into account; or

(ii) provide for the employee to take any period of paid annual leave of less than one week; or

*family member* means:

38.3 Entitlement to unpaid leave

An employee is entitled to 5 days’ unpaid leave to deal with family and domestic violence, as follows:

(a) the leave is available in full at the start of each 12 month period of the employee’s employment; and

(b) the leave does not accumulate from year to year; and

(c) is available in full to part-time and casual employees.

Note: 1. A period of leave to deal with family and domestic violence may be less than a day by agreement between the employee and the employer.

38.4 Taking unpaid leave

An employee may take unpaid leave to deal with family and domestic violence if the employee:

Note: The reasons for which an employee may take leave include making arrangements for their safety or the safety of a family member (including relocation), attending urgent court hearings, or accessing police services.

38.5 Service and continuity

The time an employee is on unpaid leave to deal with family and domestic violence does not count as service but does not break the employee’s continuity of service.

Note: Depending on the circumstances such evidence may include a document issued by the police service, a court or a family violence support service, or a statutory declaration.

38.7 Confidentiality

(a) Employers must take steps to ensure information concerning any notice an employee has given, or evidence an employee has provided under clause 38.6 is treated confidentially, as far as it is reasonably practicable to do so.

(b) Nothing in clause 38 prevents an employer from disclosing information provided by an employee if the disclosure is required by an Australian law or is necessary to protect the life, health or safety of the employee or another person.

Note: Information concerning an employee’s experience of family and domestic violence is sensitive and if mishandled can have adverse consequences for the employee. Employers should consult with such employees regarding the handling of this information.

38.8 Compliance

An employee is not entitled to take leave under clause 38 unless the employee complies with clause 38.

Schedule B—Classification Definitions

[Varied by PR988414, PR991654, PR512383, PR536408]

B.1 Key concepts and terms

B.1.1 Fields of work means a defined group of related skills and work functions exhibiting common features and aimed at providing more efficient and productive work organisation, as well as more satisfying and well paid jobs. In respect of this award the fields of work are sanitary plumbing/water supply/drainage, gasfitting, roofing and cladding, mechanical services (including airconditioning) and irrigation. The principal purpose of fields of work is to facilitate the development of training modules.

B.1.2 CPSISC means Construction Property Services Industry Skills Council. The CPSISC will be the recognised authority (for the purpose of this schedule) responsible for developing competency standards for consideration and endorsement by the National Quality Council (NQC) and the provision of advice and assistance to the State and Territory training authorities in respect of matters relating to training in the industry and callings covered by this award, including but not limited to:

- competency standards;
- curriculum development;
- training courses;
- articulation and accreditation requirements, both on and off-the-job;
- on-the-job training; and
- assessment and certification arrangements.

In relation to the development of standards for this award, the CPSISC may consult with other bodies or committees of a like nature to ensure that consistent standards are maintained across industries.

B.1.3 Module means a module of training as defined within the relevant National Training Package. Training Packages are flexible national products developed by industry through the relevant National Skills Council to ensure quality training outcomes and meet current and emerging vocational skill needs. They form one of the foundation stones of the national training system. Designed to support a range of training pathways, including workplace and school-based, and to provide for a more flexible approach to training delivery, they also play a critical role in underpinning Australian Apprenticeships. All Training Packages incorporate national units of competency, assessment guidelines and national qualifications.

These components, endorsed by the NQC, form the basis for the assessment of competencies attained and the issuing of related national qualifications.

B.1.4 New entrant means an employee who has never previously worked within the on-site building construction industry. If there is any doubt as to the status of an employee in this regard, the following documentation may be regarded as prima facie evidence that an employee is not a new entrant:
documentary evidence concerning registration with any of the construction industry portable long service leave schemes;

documentary evidence concerning contributions into an approved industry superannuation fund.

B.1.5 **Services stream** includes all fields of work principally concerned with the installation, commissioning and maintenance of services, whether performed in relation to buildings, structures or engineering projects and irrespective of when that work is undertaken in the construction process.

B.1.6 **Services stream (plumbing and mechanical services and sprinkler fitting)** means the skills and tasks at all appropriate levels in the classification structure which are included in the fields of work relevant to this award.

B.1.7 **Streams** or **skill streams** means a broad grouping of skills that relate to a particular phase or aspect of production. A stream may be comprised of a number of fields of work.

B.1.8 **Trade certificate** means a trade certificate or its equivalent relevant to the plumbing and mechanical services or sprinkler fitting industry. An employee who has a trade certificate or its equivalent which is relevant to the plumbing and mechanical services industry or the sprinkler fitting industry will be deemed to have a trade certificate for the purpose of the definition of Plumbing and mechanical services tradesperson/Sprinkler fitter tradesperson Level I.

B.1.9 Where it appears in the classification definition of Plumbing and mechanical services tradesperson/Sprinkler fitter tradesperson Level 2 and above the phrase **or equivalent** means:

(a) any training which a registered provider (e.g. TAFE) or a State training authority has recognised as equivalent to accredited training which is recognised for these levels. This can include advanced standing through recognition of prior learning and/or overseas qualifications; or

(b) where competencies meet the requirements of the national competency standards developed by CPSISC for these levels.

[B.1.10 inserted by PR512383 from 01Jan10]

B.1.10 Employees will be eligible to move up the classification structure upon completion of the training requirements, competency based assessment or experience as specified in the classification definitions. Payment will be on the basis of the level of skills and training required to perform the work of a particular position or job offered by an employer.

B.2 **Translation to classification structure**

B.2.1 Existing employees will translate into the new structure as follows:

(a) Level 1(d): Sprinkler fitter’s assistant;

(b) Level 1(d): Plumber’s labourer; or
Plumbing and Fire Sprinklers Award 2010

B.2.2 No existing employees’ rate of pay will be reduced as a result of the implementation of the classification structure.

B.2.3 Upon translation to the new classification structure existing employees will be regarded as satisfying the requirements of the new skill level to which they translate. Such translation does not authorise an employee to perform work which requires certification or registration unless that employee holds such certification or registration pursuant to the appropriate State legislation or regulation.

[Varied by PR988414; substituted by PR994534 from 01Jan10; varied by PR997916, PR509067, PR522898, PR536701, PR545787, PR551624, PR566707, PR579801; deleted by PR593826 ppc 01Jul17]
Schedule E—School-Based Apprenticeship

[Varied by PR988414, PR539029]

E.1 This schedule applies to school-based apprentices. A school-based apprentice is a person who is undertaking an apprenticeship in accordance with this schedule while also undertaking a course of secondary education.

E.2 A school-based apprenticeship may be undertaken in the trades covered by this award under a training agreement or contract of training for an apprentice declared or recognised by the relevant State or Territory authority.

E.3 The relevant minimum wages for full-time junior and adult apprentices provided for in this award, calculated hourly, will apply to school-based apprentices for total hours worked including time deemed to be spent in off-the-job training.

E.4 For the purposes of clause E.3, where an apprentice is a full-time school student, the time spent in off-the-job training for which the apprentice must be paid is 25% of the actual hours worked each week on-the-job. The wages paid for training time may be averaged over the semester or year.

E.5 A school-based apprentice must be allowed, over the duration of the apprenticeship, the same amount of time to attend off-the-job training as an equivalent full-time apprentice.

E.6 For the purposes of this schedule, off-the-job training is structured training delivered by a Registered Training Organisation separate from normal work duties or general supervised practice undertaken on the job.

E.7 The duration of the apprenticeship must be as specified in the training agreement or contract for each apprentice but must not exceed six years.

E.8 School-based apprentices progress through the relevant wage scale at the rate of 12 months progression for each two years of employment as an apprentice.

[E.9 substituted by PR539029 ppc 19Jul13]

E.9 The apprentice wage scales are based on a standard full-time apprenticeship of four years. The rate of progression reflects the average rate of skill acquisition expected from the typical combination of work and training for a school-based apprentice undertaking the applicable apprenticeship.

E.10 If an apprentice converts from school-based to full-time, all time spent as a full-time apprentice will count for the purposes of progression through the relevant wage scale in addition to the progression achieved as a school-based apprentice.

E.11 School-based apprentices are entitled pro rata to all of the other conditions in this award.
