Subject: 2009 Minimum Wage Review

Dear Sir/Madam,

I wish to submit the following submission to the 2009 Minimum Wage Review.

I believe that minimum wage should be directly linked to the pay rate of our politicians. If politicians receive a 5% pay increase, then the minimum wage should also increase by 5%. The pay rates must encompass the total package, to ensure extra payments hidden in allowances or other secondary payments are not ignored in the calculation.

Thank you

S Rock
