Dear Associate,

Re: Matter No. AM2014/206 4 yearly review of modern awards –

Medical Practitioners Award 2010

I refer to the Conference before Roe C on 8 October 2015.

At the Conference, the Australian Salaried Medical Officers' Federation ('the Federation') undertook to advise the Commission and parties within seven (7) days of its position in relation to item 10 of the revised summary of submissions (dated 17 March 2015).

Item 10 referred to a proposed amendment by the Federation to clause 20.1(b)(ii) of the current *Medical Practitioners Award 2010*.

I can now advise the Commission that the Federation does not intend to pursue the proposed amendment referred to at item 10.

Yours faithfully

Marika De Vecchis
