Dear Vice President,

Re: AM2017/51 – Passenger Vehicle Transportation Award 2010 – Exposure Draft – Overtime for casual employees

We refer to the above matter and the correspondence to you from Ian MacDonald of APTIA dated 14 March 2019.

We confirm that the ordinary hours of work for casual employees was considered as part of the conferences held on the exposure draft.

We confirm that clause 8.1(e) of the current exposure draft has addressed the issue of what the ordinary hours of work are for a casual employee.

Please note that Nick McIntosh will have carriage of all of my matters after today's date.

Yours sincerely,
