Re Submission on Exposure Draft of the Real Estate Award Matter No. AM2014/242

Dear Mr President

In relation to the above matter and the latest Exposure Draft of the abovementioned award, I concur on behalf of the RRESSA with the submission of the Real Estate Employers Federation submission of 27th March 2019 and their suggested amendments.

The only matters that are outstanding before the Real Estate Award 4 year Review is completed, are those matters principally dealing with certain important aspects of the commission – only sales staff employment conditions, which are awaiting a decision by a Full Bench of the Commission hearing which was held on the 12th November 2018.
